ference of the All-Bengal Students' Congress at

In short, the leaflet which is printed
at Bardhan Press and published from the office of
the All-Bengal Students' Congress, 71/2A, Corn-
wallis Street, stresses the importance of holding
the Conference to discuss the situation in the
country against the present international back-
ground involving the possibility of another con-
flict. The burning*problems of the people today
have been specified and the goal of the establish-
ment of a Socialist Government with "all power
to the Indian people" has been re-affirmed.

for the tramway leaders were sent out to
Buxa camp. Both the resolutions were
passed.

It was announced that two meetings

under the auspices of the Refugees' Council
of Action and the B.P.T.U.C. respectively.

Earlier, a procession (100) from the
Maidan side converged at this meeting.
Later, a procession (75) was taken out
against the will of the president, by the
B.P.S.F. It paraded several streets of
the south and dissolved peacefully at
Deshapriya Park at about 18-45 hrs.

Copies of an unauthorised printed

sequel to that many of the detainees

sustained severe injuries. It urges the
public to muster strong at the Maidan
meeting on 18.12.49 at 14.00 hrs to register

INDIEN

Ist Pandit Nehru ein Chiang Kailshek?

Probleme der Modernisierung Indiens

FORTSETZUNG VON SEITE 1

Nehru und Chiang besitzen manche Ähnlichkeiten. Schon äußerlich: beide sind für unsere Begriffe eher klein von Gestalt und sind asiatisch zierlich gebaut. Beide haben dunkle, grosse, intelligente Augen und hohe Stirne; die für den Politiker so wichtige Kombination von Realitätsinn und Phantasie steht ihnen ins Gesicht geschrieben. Beide sind — Nehru vom Rechtschaffenheit und Chiang vom Militärs kommend — Nur-Politiker, d. h. sie sind nicht zugleich geistige und weltanschauliche Führer (wie es die Kommunisten sind). Beide sind persönlich in-terleg, aber umgeben von Cliquen und Mitarbeiter, von denen nicht dasselbe behauptet werden kann (besonders im Falle Chiang Kailsheks). Beide sind tapfer, unerschrocken und achtunggebietend, geborene politische Führer. Chiang hatte trotzdem keinen Erfolg.

Wird Nehrus Politik mehr Glück beschieden sein? Manches spricht dafür, denn der Charakter beider Völker ist verschieden. Ein chinesischer Gandhi ist schwer denkbar. Der Vater, der ersten chinesischen Revolution, Sun Yatsen, war zwar auch kein rücklichtloser, gewalttätiger Revolutionär, jedoch war er im Prinzip ein Mann der aktiven Tat. Während Indien vor allem mit Hilfe des passiven Widerstandes die Engländer zu ihrem Rückzug veranlasste, hat China gegen Japan mit der Waffe gekämpft.

Vom modernen China hat die Welt nichts Neues erfahren, weder von der Kuomintang, noch von den Kommunisten. Indien hat jedoch der Welt einen neuen Gedankengang eingebracht.

In der UNO und bei allen Verhandlungen zeigt sich, bei denen Indien beteiligt war. Die indische Politik hält das Vorhandensein verschiedener Doktrinen nicht für ausschlaggebend, sie glaubt an die Möglichkeit der Existenz des Nebeneinander. Bei Bestimmungen war Indien manchmal auf Seiten der USA und manchmal auf Seiten der Sowjetunion zu finden (Konsequent hat sich Indien jedoch für die Sache der asiatischen Nationen eingesetzt, so im Falle Indonesiens und Französisch-Indochina).

Indeige dieser Einstellung hat die indische Politik oftmals paradoxe Güge aufzuweisen. Nehru, der sich sieben drei Wochen lang für einen Freundschaftsbuch in den verlegten Staaten aufhielt, hat gleichzeitig den bedenklichsten indischen Philosophen, Radhakrishnan — ebenfalls als Freundschaftliche Geste — als Botschafter nach Moskau geschickt, den gelehrten Ideen in die Hochburg des Materialismus. Er hat den Amerikanern erklärt, Indien werde kämpfen, wenn es um die Freiheit ginge, und hat gleichzeitig die kommunistische Regierung in China de facto anerkannt. Er hat Hunderte von Kommunisten (genau wie Chiang Kailshek) in die Gefängnisse werfen lassen und hat das mit dem nicht gerade logisch anmutenden Satz begründet, dass die indischen Kommunisten «die grössten Feinde für die Sache des Kommunismus seien».

Nehru ist nach Amerika, das er bisher nicht kannte, gereist, um dieses Land kennenzulernen. Er ist nicht gekommen, um über Dollarleihen oder eine

ortstige wirtschaftliche Unterstützung Indiens, etwa auf Grund von Truman-Punkt IV (Erschliessung unentwickelter Gebiete) zu verhandeln. Indien ist nicht gewillt, sich in die Fronten des kalten Krieges einzelnieren zu lassen; es wünscht als eine dritte Macht seinen eigenen Weg zu gehen.

Es scheint, als ob Washington dieser Haltung Verständnis entgegenbringt und ihr entgegenkommt. Man darf sich nicht durch die grosse offizielle Aufmachung dieses Staatsbesuchs betören lassen, durch die Abholung in London mit Trumans eigenem Flugzeug, durch Ehrenkompagnen und rote Teppiche, durch Bankette und offizielle Bestattungen, auch nicht durch die amerikanischen Pressekommentare, die versichern, dass «Amerika einen neuen Freund und Verbündeten in Asien brauche». Vieles spricht dafür, dass Washington Nehrus Auffassung im Grunde genommen teilt, nämlich, dass zwischen Amerika und Indien Freundschaft herrschen solle, jedoch eine Freundschaft mit Abstand. Die Amerikaner, die immer Verständnis für den Unabhängigkeitswillen der asiatischen Völker zeigten, haben in den letzten Jahren neue Erfahrungen hinsichtlich der Gefährlichkeit der Einmischung in asiatische Angelegenheiten gesammelt: es ist von zweifelhaftem Wert, ein drittes Land oder gar ein Regime allzu offensichtlich zu unterstützen, weil dadurch die Opposition gereizt wird und womöglich die gesunden nationalen Elemente, die zumeist identisch mit den fremdenfeindlichen sind, in ihre Felsen getrieben werden. Es ist weise, den

Kommunisten nicht das billige Argument des Dollarimperialismus zu liefern. Dies gilt nicht nur für Indien, es gilt für alle asiatischen Länder. Ueberall beginnen die Schwierigkeiten sofort bei dem Versuch, den gutgemeinten Punkt IV in die Tat umzusetzen. Die praktischen und technischen Durchführungsmöglichkeiten des Punktes IV sind für die südamerikanischen Staaten ziemlich zufriedenstellend ausgearbeitet worden, es hat sich jedoch gezeigt, dass diese Methoden für die asiatischen und immer noch mit Ressentiment erfüllten Asiaten nicht in Frage kommen. Asiaten bauen lieber keine Fabriken, als einen ausländischen technischen Direktor als Bedingung hinzunehmen. In Ländern, in denen es wichtig ist, dass die Verwaltungen der Regierenden gute Posten bekommen, kann man sich ausserdem nicht vom Standpunkt der geschäftlichen Frömmigkeit in die Karten schauen lassen. Abzuviel Sachlichkeit geht den Asiaten auf die Nerven, weil sie das als unmenschlich empfinden.

Man kann die asiatischen Völker nicht zu ihrem wirtschaftlichen Glück zwingen. Mit Abwarten wird hier — auch politisch — mehr erreicht.

Indien will und muss sich also aus sich selbst heraus weiterentwickeln. Wird es das tun trotz der skeptischen und daher auch launigen Einstellung vieler Indier? Indien kann nicht zum Spinnrad zurück, denn das würde nur neue Invasionen von Stärkeren provozieren. Passivität hat sich als wirksames Mittel im Kampf gegen eine Fremdherrschaft erwiesen, aber es ist kein Mittel, um einen eventuellen Einfall neuer Eroberer abzuwehren. Indien braucht eine zeitgemässe wirtschaftli-

Der Chineser Lin Yutang hat sich mit Geist und Behagen und ausserdem nicht mit Unrecht über die ihm seltsam dünkende Welt des Westens lustig gemacht. Und doch hatte er dabei auch Unrecht, denn gerade diejenigen Eigenschaften und Gewohnheiten, die er bei uns für so komisch hielt, waren es, die dem chinesischen Volke fehlten. Weil er und seine Kuomintangfreunde das nicht gründlich genug einsehen wollten, mussten sie sich von den bitter ersten Kommunisten abblenden lassen. Werden die führenden Schichten Indiens und vor allem die Jugend danach handeln, ohne sich von den kommunistischen Einpauser dazu zwingen zu lassen?

BANARJI added that the SWAMI was doing the spade work in connection with the holding of the Nagpur conference, while SRI SARAT CHANDRA BOSE promised to pay the lion's share of the money to meet the expenses to be incurred on that account. The other constituent parties of the United Left Front of SWAMI SAHAJANANDA SARASWATI have been asked to contribute to the Conference fund but it appears that they could not pay anything more than nominal donation in response to that request.

My dear Sjt. Sarat Babuji,

I hope that your talks with the socialists have made definite progress. People here are on the whole closely following your activities which have now assumed all India wide importance according to all observers here.

You may have heard of the incident at New Delhi press-conference on the 5th inst., when Panditji made bitter personal attack on Blitz and its representative in the Indian Capital.

I have obtained now full details from Mr. Karanjia and Mr. Reddy. These are contained in a personal letter from the latter to the former. I have copied out all relevant portions as may interest you. Both of them told me that Mr. Reddy's information on Kashmir had been of great value militarily and politically. Further it seems, that Mr. Karanjia had first inquired of Pandit Nehru, whether there was anything against Mr. Reddy, since the latter had come from Pakistan last year. The Prime Minister had expressed that there was nothing against Mr. Reddy.

Mr. Karanjia is consulting his friends about possibilities of legal action. Can they sue the Prime-Minister or the Hindustan Times, which published the libelous words? Mr. Karanjia told me to-day that he hesitated to write to you directly on this matter, as such a step on his part may, in his opinion, may look like personal pressure. Therefore he has asked me to provide you with all the details and seek your advice. He would also be very thankful if you could give any statement or if the Nation could write an editorial on the subject, as the matter is of fundamental importance. If Nehru's analysis were accepted no paper can criticise the Foreign Policy or the Prime Minister.

I am not sending any separate report to the Nation, as I want the matter to be reviewed by you first. Please write to me at your earliest convenience, what advice could be given to Mr. Karanjia.

Has our Nation's sales word^k made any progress? if nothing is

Bombay 22nd August 1949.

Honourable Pandit Jawherlal Nehru,
Premier, Indian Union,
New Delhi.

Respected Sir,

- (1) Dhanji Shamji Captain, Frere Road, Bombay.
- (2) Bharat Marketing Co. Frere Road Bombay
and other very many names given out by
this Muslim Khoja Gonda of Bombay _____.

The briberies and corruption in the Home or Police administration in Bombay ought to be responsible for the birth to the above Muslim Khoja Gonda who has been openly and fearlessly slaughtering and ruining many families in Bombay and in every province of Indian Union from Bombay with full cooperation and support of some ~~xxx~~ Bombay Police.

Amongst the victims, there have been many very poor ~~xx~~ refugees who have migrated from Pakistan. They have been ruined in merciless way that it is a blot on Congress Raj.

There were several complaints at the Palton Road Police station Bombay against this gonda of the same nature in a very short time but his arrangements with the police were evidently such that the Police subinspectors Mr Kadam, Mr Jagirdhar and Mr Malkani began to threaten and rebuke those who went to complaint against this gonda and thus his slaughtering business is regularly being carried on from day to day without any fear.

The Police sometimes pretends to arrest the gonda and challans him but he is not affected and it seems that there is no law to jail him although if all the police cases against him are sent to Honourable Mr Vyas of Esplanade Court he would find out the law to jail him with the first hearing. Honourable Chief Presidency Magistrate - trate Mr Oscar Brown Esplanade Court may not find any law to jail him.

Some Police staff says that they have been very eager to see this gonda in jail but they are helpless as Mr Brown comes to his help. They say that this gonda supplies Mr Brown----- (Shame) and so he wins his favours.

What has Congress to say in the matter? Will they hold an inquiry and save the poor innocent public from being further slaughtered by this gonda? More worse and merciless slaughters than Jallianawalla bagh tragedy in British Raj. His Excellency the Governor of Bombay, Hon' Home Minister Bombay, Bombay Premier Police-Commis ioner Anti Corruption Department Bombay, President of Bombay Provincial Congress Committee and Sardar Vallabhai Patel all have been apprised of the above with details and names of the corrupted Police Subinspectors (Some of them were also suspended) but without any result which is most unfortunate.

May God bless the Congress raj in Bombay with prudence to save poor innocent persons from the clutches of the above gonda.

Can you please do anything into the matter to save the poor?

Pending inquiries, Honourable Mr Brown be relieved from his present office.

Yours obediently,

ie Sobhraj Tolaram

We know two R.C.P.I. absconders with the surname "De". One Sudhai Chandra De was arrested with Sushil Bose and others just after the commission of Imperial Bank Dacoity at Shibpore, Howrah and the other Prithvi De @ Tanta, Bu of Jyotish De of Sylhet and of 10A, Jamarak Road, arrested with 5 chambers revolver by this department on 9. 6. 49 and he is now undergoing trial in the Dum-Dum Barrickat outrage. Sudhai De has got very little education and is not probably identical with the writer of intercepted letter. On the other hand, Prithvi De was one of the prominent absconders of Dum-Dum Barrickat outrage with better quality academic career and in all probability, he is identical with the writer.

Re: F. Bhaskaran.

His name has been mentioned in several letters of Dr. Sarat Bose but no attempt has so far been made to collect his particulars. The only particulars available on our record are that he is an ex-DNA & the ~~former~~ Secretary of Sarat Bose. D/O may collect his full particulars if possible.

Re: 'De'

It appears from the letter written by 'De' to Sarat Bose that he is aged about 30 years & an absconder. In the letter he has ~~mentioned~~ dealt with dispatch of arms & ammunition, dacoity etc & has written that he has been residing in a hotel in Park St. No C.P. absconder with the title 'De' except Anil Bose is known to us. Sirpr BNDas may say if there is any R.C. absconder with the title 'De'.

At the Conference (400) held on 26.12.49. at the Muslim Institute Hall with Sri NISITH NATH KUNDU as President, the speakers emphasised on the need of introducing some progressive changes in the educational system in India. They held that only NETAJI'S ideology could solve the problems of India. At the outset Sri ~~SANAT BOSE~~ BOSE'S inaugurating speech was read by Prof. NIRMAL BHATTACHARJI,

1. Prof. NIRMAL BHATTACHARJI.
2. Sri AMIYA BASU.
3. Sri HARIDAS MITRA.
4. Dr. J.K. BANERJI of I.N.A.
5. Sri SATYANANJAN BAKSHI.
6. Sri HELENDRAS TROSAL GHOSH.
7. Sri SASANKA SERMA SARKAR.

The Chairman of the Reception Committee. In his speech, Sri BASU observed that in these transitional days, political, social and economic, Conference such as this, had a great value. He added that the uncompromising struggle which NETAJI foresaw and initiated has to be carried on and consummated. He criticised the Congress Government for its alleged failure to form linguistic Provinces and remarked that there seemed to be a deep-rooted conspiracy somewhere to keep this truncated province of West Bengal politically and economically helpless and that her legitimate demands were being systematically ignored. He called upon the students to take a living interest in politics and prepare themselves physically, morally, and intellectually for the tasks ahead. He urged them to act concertedly at the right moment. That auspicious moment, he added was already in sight. In the present juncture, he continued, socialism was the only solution of the problems facing the country. Sri AMIYA BASU condemned the Congress Government for linking India's fate with the Commonwealth countries. Sri HARIDAS MITRA held that the people should take over the administration of the country. Dr. J.K. BANERJI of I.N.A. denounced imprisonment of the individuals

without any trial.

It was announced that the 2nd days' sitting of the Conference would be held on 27.12.49. at 16.30 hours. Major General SHAH NAWAZ, Sm. BELA MITRA and Sri DEBNATH DAS are expected to attend.

At the 2nd days Conference which was strictly restricted to the delegates and a few others, The marginally ** noted speakers, delivered speeches. Sri NISITH NATH KUNLU presided. All the speakers laid stress on Subhashism which was

described as the only path to emancipation of the teeming millions of India. It was held that the real freedom lay in Socialism as propounded by Netaji. Sri AUROBINDA BASU observed that it was the time for organisational work and mere speech would not ameliorate the condition of the masses.

Major General SHAH NAWAZ expressed grief at the partition of and the consequences thereof. He blamed the Government of India for not recruiting the I.N.A. personnels in services.

Sri ATINDRA NATH BASU remarked that unity amongst all ranks of students was indispensibly necessary to chalk out a common political line of action. Observing that Netaji was second to none he urged the students to follow his ideals and principles.

A Subhasite Students' organisation was formed with Sri AUROBINDA BASU as President and Sri KASHI KANTA MOITRA as Secretary for the spread of NETAJI'S ideology amongst the students.

SOCIALISTS - 23.12.49.

414. United Socialist Organisation.

X-17 The newly formed United Socialist Organisation is not functioning well yet and Sri SARAT CHANDRA BOSE is displeased over the emergence of fresh fends within its orbit so soon after the birth of the new leftist platform. The election of Sri R.S. RUIKAR as the General Secretary of the U.S.O. was not and is still not being liked by Sri S.G. MORE and R.K. HALDULKAR of C.P., Sri SAUMYEN TAGORE (R.C.P.I.) and Sri HAREN GHOSH (F.B.) of West Bengal, SWAMI SAHAJANAND SARASWATI of Bihar, Sri SUNDAR RAO of Madras and "General" MOHAN SINGH of East Punjab. Sri BOSE is however, very favourably disposed towards RUIKAR whom he considers to be the second best man available after Sri SATYA RANJAN BAKSHI.

Sri SHEEL BHADRA YAJEE, too, is expressing his resentment at the alleged breach of the word of honour in that Sri R.S. RUIKAR has not yet resigned from the Hind Mazdur Sabha (S.P.).

Sri SARAT CHANDRA BOSE and his Socialist Republican Party are giving full support to the endeavours to create a new student front comprising of the pro-"NETAJI" SUHAS BOSE elements attached to various parties and organisations. The Sree Sangha Group in the Forward Bloc which is led by Sri ANIL ROY and Mrs. LEELA ROY is lending full support to the organisers of this move, including Sri KASHI KANTA MAITRA, Dr. ATIN BASU THAKUR of 24, Chowringhee Road (Leftist Book Club), ARABINDA BASU, HIRAK TALUKDAR, SIBABRATA ROY and ARUN DAS GUPTA.

Sri SARAT CHANDRA BASU will preside over the open session of the Students' Conference sponsored by the above group, which will take place on 26.12.49. and 27.12.49. at the Calcutta University Institute. Dr. ATIN BASU THAKUR will conduct and guide the delegates' meetings. R.S. RUIKAR is their Chief guest.

7-12-49

The following is the gist of an intercepted letter dated 13-12-49 from SRI SOUMYENDRA NATH TAGORE of 4, Elgin Road, to SRI S.S.MORE of 279, Sivaji Nagar, Poona, together with the gists of the two enclosures both addressed to SRI SARAT CHANDRA from (1) Swami Sajananda Saraswati (2) SRI TAGORE:-

(1) (1) "MOHAN SINGH was here till yesterday. He is also writing to SARAT BOST and so also Satya-priya Banarji, PURNANDA DAS GUPTA has already written to Sarat Bost. We are determined to fight out SARAT BOST'S totalitarianism to the finish, otherwise the U.S.O. becomes a tool in the hands of SARAT BOST for his own tormenting.

I am leaving for Lucknow on the 16th to address the students there in their convocation. NARENDRA DEV has invited me and I take this opportunity to put before the U.P. students own view point.

(Enclosure I).

" In the General Council I had repeatedly pressed for the name of Con. PURNANDA DAS GUPTA to be placed in the Working Committee and Con. Yajee had noted down his name. But in today's 'Nation' I miss his name. I am at a loss to understand this. It has been explained to me variously by so many comrades, but I desist from drawing any conclusion from that unless, I hear something definite from you or anybody who is in the know of the thing.

You know I had pressed for Con. S. TAGORE to be in the office-bearers but I found you not inclined towards it.

I am told that no plenary session is going to be held soon during the coming summer and this provisional council must last long. Will you please throw light on it?

PT. JADUNATH SHARMA had personally come over here to invite that Session to Gaya and I had requested the Comrades to allow us this to which they readily agreed.

We proposed to hold it in April next.

Enclosure II.

"In the open session of the Conference I was completely taken aback to find that behind the back of the Conference the decision taken by the representatives of all parties in the Drafts Committee has been altered and that you have been entrusted to nominate ten persons in the General Council. This most undemocratic procedure shocked me and others and we realised that clique has already been formed and is at work.

I was not present in the afternoon session of the General Council on 5-12-49 when I returned in the evening, I found that the Working Committee has not been elected but has been nominated by you and you have put in as many of your own men as possible.

I must be frank with you and tell you that this nomination business is wholly undemocratic and stinks of unalloyed totalitarianism.

27

293

We are determined to fight it out.....
I sincerely hope that for the sake of the U.S.O.I,
you as its President, would not be a party to mea-
sures which are undemocratic and totalitarian, and
which are sure to lead to its disruption, if not
checked at this stage".

SPECIAL BRANCH. DAILY NOTES - 31.12.49.

SUBVERSIVE GROUPS - 31.12.49.

356. S.R.F.

O.A. 20381 The following is the full text of an intercepted letter dated 15.12.49. with an enclosure from Sri SARAT CHANDRA BASU, No. 1, Woodburn Street, Calcutta to Mr. G. MARULAPPA, M.A.A., Editor, Veejavani, Bangalore:-

11th December 1949.

Dear Mr. MARULAPPA,

Your kind letter of the 7th November (? December) has to hand on the 12th instant. I am very glad that you wish to represent the Socialist Republican Party in Mysore. As soon as I received replies from other provinces, I shall announce the names of the members of the reconstituted Executive Committee of the S.R.F.

You must have read the resolutions passed at the meeting of the Provisional General Council of the USO on the 6th December. One of the resolutions calls upon the people to observe NETAJI'S birthday as Anti-Commonwealth Day. As you know, the U.S.O. does not accept the Constitution framed by the Indian Constituent Assembly. As the Constitution will come into force on the 26th January, 1950, it is necessary to observe the 23rd January 1950 as "Anti-Commonwealth Day".

The U.S.O. has not issued any appeal to collect donations on the 23rd January 1950 (Netaji's birth day). It is, therefore, not issuing any receipt books, literature, etc. for collecting donations. I do not know why the working committee of the Forward Bloc (YAJEE Group) passed a resolution for collection of donations and enlistment of volunteers on that date. I have not had the opportunity of discussing the matter with Mr. YAJEE. As far as the S.R.P. is concerned, it has not issued any such appeal. If it does, I shall let you know promptly.

With all good wishes.

Yours sincerely

Sd/- SARAT CHANDRA BOSE

My dear Mejdada,

I am greatly worried that I have no news from you since a very long time. If ^{Basu} Sisir would not write to me from time to time I would not know anything. Fortunately he wrote to me that you are feeling much better now. ~~But~~ And I do hope that you will be all-right in a few weeks again. How is Didi feeling? I hope, she is well and active. Are the children all-right?

There is nothing much to tell about ourselves. Anita and Mother did both have a bad cold and mother, on top of it, is again suffering from her arthritis. I am, in spite of the many excitements during the last few months quite all right and hope to continue to be fit.

The Indian Legation was started here only a few days back. One Mr. Ramaswami from Berlin has been sent over to work here as Vice-Consul. Only in January next when Mr. Desai (also Minister for Austria) coming to Vienna, the Legation, as such, will be formally opened.

From Sisir I received a very interesting article from "The Nation."

Has Dr. Madan already presented himself to you? He left Vienna on November 7 and was due to land in Bombay on or about the 1st inst. He promised to go and see you as soon as he has met his parents.

Please do drop me a few lines again or ask Roma or Chitra to write to me very soon all news. I should be very grateful for a letter.

Accept, please, all our good wishes for yourself, Didi and the children for the New Year. I do so much hope that the New Year will turn out as a better one than 1949.

With love and heartiest greetings, also from Mother, as well as fondest kisses from Anita.

Yours v. affly,

R. Nandi.

My dear Tej Kishen,

Your kind letter of the 9th instant with enclo-
sures (including a letter addressed officially by you as General
Secretary of the United Indian Council to me as President of the
U.S.O.) was to hand on the 20th ^{instant.} of a Long letter which appeared in ^{your letters and enclosures to him formed part}
yesterday's The Nation (town edition).

I hope your new organization will get into stride
within a short time and will be able to serve India's cause very
effectively. Please convey my fraternal greetings to the members
of your Council and tell them how much I appreciate the message
you have sent on their behalf as well as on your own. Please tell
them also that I expect to write at least to some of them at an
early date. I would like to have from time to time news of and
from Chowdhury Akbar Khan and J.K.Ram, amongst others. Please
convey to them my love and good wishes and tell them that I shall
always expect them to take a real, living interest in "The Nation."
One article from Chowdhury Akbar Khan has just arrived. If J.K. Ram
does not find time to write articles for us, he can at least send
us important news of happenings in Great Britain vis-a-vis India.
You may show him this letter.

I am sending in a separate cover a copy of
P.R.Das's speech yesterday as President of the Utkal Civil Liberties
Conference, Cuttack, and in another cover a copy for J.K.Ram.

As regards my promised donation to the Indian
Gymkhana Club, I shall apply to the Exchange Controller Reserve
Bank of India, for permission to remit the money. It will of course
take me a little time to send the money, as I have not been earning
anything during the last four months. I expect to be able to resume
my professional work some time next month.

Dear Mr. Bose,

Many thanks for your letter of Nov 14th

I have read with much interest your critical remarks about my article, but as you will understand, on account of the good relation between Indian and my country, it is not possible to tell everything in a too open and undiplomatic manner. Furthermore, as I have not been in India, it is impossible for me to take sides with one side only and against the Government

An English correspondent has sent me "The Nation" of Oct. 8th containing your interview about your brother, Mr. Subhas Chandra Bose. You mentioned my name in this interview, but I should like to stress that I did not tell you that I got news about your brother from British and American sources. I told you that I heard in 1946 from Japanese sources that your brother is still living.

Thanking you again very much for your letter

I remain

Yours sincerely

OUR STRUGGLE IS NOT YET OVER CALL FOR LEFT UNITY

Sri Sarat Bose's Appeal To Youths At Subhasists' Confce.

"Try your best to restrain misguided youths who believe in the cult of bombs and acid bulbs, to persuade them that salvation does not lie in that way, and restore unity among the ranks of students and youngmen, the unity which Netaji visualised", said Mr. Sarat Chandra Bose while inaugurating the All-Bengal Subhasist Students' Conference on Monday afternoon.

The Conference was held at the Muslim Institute Hall under the presidency of Mr. Nishit Nath Kundu. Mr. Bose due to his ill health could not attend the conference but sent his written inaugural speech which was read by Prof. Nirmal Bhattacharya.

Mr. Bose in his speech stated that at this time of widespread distress, political, social and economic, conferences such as this had great value. The time had not definitely come for those who described themselves leftists or socialists and subscribed to Netaji's ideology to take stock of the harvest of woe which 28-months of so-called national government had raised in this country and decide upon their course of action. "Do not for a moment assume that our struggle is over. The uncompromising struggle which Netaji foresaw and initiated has to be carried on and consummated", Mr. Bose added.

Criticising the Congress rule Mr. Bose said, "On August 15, 1947, India started as one of the most solvent countries in the world. Now she has been reduced to one of the poorest by the reckless actions and thoughtless inactions of the Congress leaders". He also attacked the administration of External Affairs, Ministry and Indian embassies abroad. He also attacked the Congress Party for its failure to form linguistic provinces and remarked "there seems to be a deep-laid conspiracy somewhere to keep this truncated province of West Bengal politically and economically helpless and inert and hence her legitimate demands are being systematically ignored".

"What then is the remedy and what role the students should play in the present set-up? Mr. Bose asked. "It will not do for you, to lie supinely on your backs and allow yourselves the luxury of quiet contemplation," he said. "But I do not ask you to give up your studies. Far from it. What I ask of you is that you should be serious students of

outside your classrooms. Prepare your selves physically, mentally and morally.

Much love from
Anita

Heartiest wishes from
Anita and mine

My dear Sarat Babu,

Your kind letter of the 3rd inst. reached me in these d
having been unusually loitered. It must have gone probably astray for
while but not unintentionally. A holy bath, perhaps, in the Ganges
might have been necessary. This is so-called our freedom. I would
like to know what I have done against them.

I am very sorry that I did not send you the Press-photo
-t time thinking you must be having a press-cutting service. In case
if you did not get it from Delhi by this time, Please drop a line
and I will send it at once through other channel, as it may be of
immediate use to you than to anybody else.

According to my personal observation some dodging and
befooling tactics, especially as regards the coming general election,
already at work. The way in which they propagate their efficiency and
scrupulosity is rather an unpardonable and everlasting insult to the
intelligencia of our country. Their main object is to outwit others
by making them planet struck. Though the methods are as unconstitutional
as perfidious, they are so cleverly employed that these jugglers can
never be caught red-handed, because the back doors are readily kept
opened for them. For the same reason they are adominable and obnoxious
too. Unless one is true to the policy "mihi tu ego tibi" the nations
doom is sealed. I do no more believe in Gandhian Philosophy, because I
am severely punished for following it by the very persons who constantly
preach it.

As I have enough convincing and congenial stuffs at hand I would
like to draw your kind attention to the above mentioned facts. But to
leave them absolutely undisturbed is not at all a bad policy provided
we are constantly on the scent and can elbow our way. Please excuse
this is neither a suggestion nor an advice. But what I heard speaking
N. in Delhi, pained me very much. It is not only un-Indian but genocidi

not believe that ^{these} pecksniffs will have any success. I will

Regarding the name of a good Press Photographer who can regularly supply copies of Photographs to THE NATION, it will be easy to arrange that but please let me have some idea of the kind of 'interest' THE NATION will have to get the types of photographs.

I am really hoping and praying that by now you have well recovered and carrying on your usual duties.

All of us here wish you long and uninterrupted health.

Regarding the Indian Gymkhana Club, if it is possible for you to send the amount without waiting for the sale of Shares here it will be very much appreciated by everyone concerned.

I had a talk with Ross and others but at the present moment they have grown rather luke warm and I would request and suggest to you that you should write a few lines under your signature to the following persons appreciating their work and so on.

1. Mr. M. Dorai Ross, 44 Brompton Road London S.W.1
2. Mr. J. K. Ram, 17 Hillgrove Road London N.W.6
3. Ch. Akbar Khan, 7 Millman Street London W.C.1

This will encourage them and further increase your prestige here

I am pleased to learn from Sisir that the letter sent to you on Mr. Nehru's visit here was appreciated by you.

I hope this finds you in perfect health.

With love and good wishes from us all.

Yours very sincerely

19.12.49. At a joint meeting (400) held on 17.12.49 at Hazra Park with SRI ATUL CHANDRA GUPTA as president, the speakers* condemned the service of restriction order on Prof KSHITISH PRASAD CHATARJI and demanded the withdrawal of the proposals of transfer of detenus to Buxa Camp. The president, referring to the restriction order imposed on Prof. Chatarji observed that it was a definite encroachment on the civil liberties and the present political condition of India showed that she was anything but a Republic. SRI MANIK BANERJI moved a resolution condemning the above restriction order and calling upon the audience to start a strong agitation for its withdrawal. He criticised the Congress Govt. for losing all touch with the masses, and read out a message from SRI SAJAL ROY CHAUDHURI denouncing the aforesaid order and the decision of the Govt. to transfer the detenus to Buxa Camp. SRI SAJAL ROY CHAUDHURI said that the Congress Government was carrying on an alleged repressive policy and it was bringing the detenus to court, when necessary, with handcuffs and ropes. He held that these methods were ~~xxxxxxxxxxxx~~ also adopted by Hitler before his downfall, and urged the audience to disregard these bans and continue their fight for the establishment of a democratic regime. One SRI KALI BOSE (S.F.) moved a resolution vehemently protesting against the transfer of the detenus and demanding its cancellation. He called upon the audience to make all possible endeavours to oust the present Ministry. An unknown lady (mother of a detenu) said that a few days ago she had been to the Special Branch Office to ask for some facilities but her petition was alleged to have been thrown away and she left the office with heavy heart. She appealed to the audience to make a common cause with the detenus and anyhow stop the proposed transfer. SRI DEBNATH DAS

vilified the Congress leaders for accepting the Mountbatten plan, which was the root of all troubles. He strongly protested against the alleged ~~xxx~~ misuse of the B.C.L.A. Act. An unknown lady (mother of a detenu of Madras) uttered invectives against the Madras Ministry for carrying on repressive measure against the Communists there. SRI DEBNATH DAS remarked that this capitalist Govt. had no right to exist as it failed hopelessly to implement its promises and

Calcutta 21st November 19

My dear Bakshi Fakir Chand,

Since I had the pleasure of meeting you here, I have been steadily improving. I expect I shall be able to resume some of my normal work in a month's time.

There is one matter of urgency and importance in respect of which I seek your co-operation. The Executive Committee of the Socialist Republican Party is going to be reconstituted very soon. It is my desire that the different provinces in India should be represented on the new Executive Committee. As regards the province of Delhi, I would very much like it to be represented by you on our new Executive. With "The Nation" in Calcutta and your "Rai Ama" weekly in Delhi pulling together, we shall be able to carry on vigorous propaganda for the Socialist Republican Party and also for our new organization - The United Socialist Organization of India. We have always to work with the idea that eventually the different socialist parties will agree to dissolve themselves and one United Socialist Party will emerge. Until that comes to pass, the different socialist parties have to carry on work and as effectively as possible. I shall feel happy if you let me know by return of post that you agree to be a member of the new Executive of the Socialist Republican Party. As regards opening a branch of the S.R.P. in Delhi, I shall write to you after I get a reply to this letter.

I hope your paper is gaining ground and is becoming more and more popular among the masses.

With all good wishes.

Yours sincerely

95001/ G.A. 137 A meeting of the General Council of
29.11.49. the United Socialist Organisation has
been called by Sri SARAT CHANDRA
BOSE on 4.12.49 at his residence, 1, Woodburn
Park. Dr. S.S. ORE of Mahasastra and other
leaders from the different provinces, are expected
to be present, although much enthusiasm is not
evident in this regard. The principal items of
the agenda for the meeting are (i) drafting of a
constitution which is to be fashioned after the
Indian National Congress as the U.S.O. intends to
rival the Congress on all fronts; (ii) election
of a ~~Secretary~~ Working or Executive Committee;
(iii) election of a Secretary, the nominees being
MORE aforesaid and SWAMI SAMAJANAND BANASWARI of
Bihar backed by Sri SAULAYENDRA NATH TAGORE and
R.S.P. leaders.

The defection of a large number of members
under the leadership of Sri SATYA RANJAN DAKSHI
from the Socialist Republican Party has caused
depression in party circles, Sri JYOTISH JOARDER
(B.V.G) has started appeasing the Sree Sangha
members under Sri ANIL ROY and Mrs. LATELA ROY
to induce them to throw their full weight on the
side of Sri SARAT CHANDRA BOSE.

LMS.

382

According to Sri AMARENDRA NATH BOSE, the Communists are sending feelers to Sri Subhas BOSE as to whether they can find a place in the United Socialist Organisation. The prospects do not appear to be rosy in this regard because in the opinion of Sri BOSE, the Communists, if they are to be taken into the U.S.O., must modify their attitude and look to India first and foremost in preference to Soviet Russia and STALIN on the international ~~xxx~~ plane. Sri BOSE does not wish to identify himself with STALIN by extending a hand of welcome to the C.P.I. The second point stressed from BOSES'S side is that the C.P.I. must eschew violence unconditionally and forthwith abandon such rowdy tactics as throwing of bombs and acid-bulbs. Without such a complete reversal of the present policy, programme and tactics of the C.P.I., this party cannot be allowed to forge a common anti-Congress front along with other leftists.

HUNGER STRIKE UNTO DEATH

Ref:-My Memorandum No.SK/145/P dated 20.10.49 addressed to you and co
to others and my letter No.SK/147/P dated 12.11.49 addressed to
Pandit Jawharlal Nehru, Hon'ble Prime Minister, India and copy
to you and others.

Sir,

To-day is the seventh day of my fasting. I did not hesitate to
discharge the duties of a true Satyagrahy by squatting before the
gate of your office, under the shed of sky from the morning of 11th Nov
upto the evening of 12th instant. To save myself from the bitter cold
wave now prevailing at Ranchi and to test your humanity, I personally
approached you on 11.11.49 at about 1600 hrs with the request to provi
me with two blankets and to allow me to remain on the office verandah
till the end of the Hunger strike. But the way, in which you have turned
down my petty request, does not go to the credit of a responsible Govt.
Servant of the Congress regime. Your action has certainly dealt a
blow to the lofty ideals of the Congress Organisation.

From so far what I have studied, you are not ready to decide the
point at issue in a Constitutional and democratic way. It is your whim
and arrogance which are playing with the life of a selfless worker of
the Nation.

Still there is a time. Leaving the whimsical habits for the sake o
humanity, if you are willing to settle up the affairs, you will get the
perfect pleasure in life. Do justice to the Society and save the life o
young man full of sacrifice.

As a possible solution to the deadlock, may I offer the two
alternative suggestions, which are nevertheless democratic and consti-
tutional. If you are agreeable to accept one of the two, then and the
only, I can break up my fast.

First suggestions:-

- (a) To enquire into my allegations, personal grievance and constructive suggestions, there should be formed a special committee.
- (b) Presidency Magistrate of Calcutta should be requested to select the members of this committee
- (c) The decisions of this special committee should be accepted as final by the M.E.S.
- (d) The Committee should be formed within a month from to-day
- (e) My Constructive suggestions, for the eradication of departmental corruption and changing of corrupted mentality of officers and staff, should come within the perview of this committee and if the committee considers those suggestions acceptable with advantage, then those should be implemented by the M.E.S.
- (f) Pending the publication of the special committee's findings, the order of dismissal served on me, should be withdrawn. If, however, I am found guilty by the Committee, my service may be terminated.

Second Suggestions:-

- (a) A departmental Court of Enquiry should be arranged within a month from to day to investigate into my allegations and the full statement of investigation should be communicated to me in due course.
(N.B. I like to suggest the name of Col. G.S. Ghuman, R.I.E.) of E.in.C's Office as Chairman of this Court of Enquiry)
- (b) My illegal dismissal from service should be withdrawn
- (c) To uproot the departmental corruption and to change the corrupted mentality of officers and staff, the Constructive suggestions, which have been suggested by me, should be forwarded to the Engineer-in-Chief, New Delhi, with your recommendation to make it applicable in MES as these do not require a heavy expense.

Hope you with ^{new} the ~~the~~ looking, will consider my suggestions and communicate me with five days from to-day.

JAI HIND.

Please refer to your Memo No.OR 19194/TP 502-V,

Bijnor, U.P.

The writer Syed Iqbal Husain Zaidi is a resident of Nehtaur town of Bijnor district. He is about 35 years of age and has passed B.A. He was a good Congress worker due to which he secured his nomination to P.T.C., Moradabad in 1947 during congress regime. He was Station officer at P.S.Bhopa, Distt.Muzaffarnagar and resigned from there about a year ago. It is said that he showed some leniency in the arrest of Shri Sarat Chand Bose, whom he knew from before, due to which his relations with Shri Sarat Chand Bose became all the more cordial. Now he is in communication with Shri Sarat Chand Bose and meets him often. He has now become a pucca Socialist and wants to organise Republican - Socialist Party in this district for which he has asked permission in the letter under reference. He is a quiet man and has some influence in the town over the Muslims.

We are making further enquiries about him and will forward to you any information of importance and interest to you.

Dear Mr. Bose,

Myself and all the Members of the above council have been gratified to learn that you were unanimously elected President of the United Socialist Organisation in India. They have learned with great satisfaction that the delegates evolved a praiseworthy programme which the Council hope will awaken the Indian Workers to a sense of reality and will lead to the establishment of the long desired workers and peasants' Government in India on Socialist principles.

With every good wish for success,

ENCLOSURE

London 9th December 1949

My dear Sarat,

This is to acknowledge your letter of the 6th November last and in this connection I must apologise to you for considerable delay in acknowledging and replying to your letter. This is partly due to the fact as I stated in my previous letter that I was very busy uniting the Leftists workers here. You will be pleased to read that at a meeting held of the delegates from various Leftists Parties here a United Organisation was formed which was named THE UNITED INDIAN COUNCIL (GT. BRITAIN). whose constitutions and programme I am enclosing herewith. You will see from the names of the Council members that influential persons as Akbar Khan, President of the Indian Workers Association and J.K. Ram, Secretary of Swaraj House and Mr. Ross, Vice President of the Overseas Indian Association, are amongst the members of the Council. Any suggestions from you will be welcomed I am sure by the council.

Also I am enclosing a letter addressed officially by the United Indian Council to you as President of the United Socialist Organisation of India conveying its greetings.

I am also enclosing News Sheets which the Mazdoor, a paper to be started monthly by the Indian Workers Association and India today,

X - 17. Under the advice of SRI SARAT CHANDRA BOSE, SRI AMARENDRA NATH ROSE, a leader of the United Socialist Organization is acting as a mediator to bring together the two divergent wings of the Forward Bloc led by SRI SHIL BHADRA YAJEE of Bihar and SRI HAREN GHOSH assisted by SRI R.S. RUIKAR respectively. During the recent sittings of the United Socialist Organisation, Sri HAREN GHOSH and SRI SATYAPRIYA BANARJI had a chat in SRI SARAT CHANDRA BOSE'S houses over the possibilities of a reunion. It is learnt that SHIL BHADRA YAJEE has given an assurance to SRI SARAT CHANDRA BOSE that he would carry out any dictation from SRI BOSE in this matter. The talks have been left at that stage because SRI R.S. RUIKAR'S opinion on the subject is awaited. SRI BOSE is, at the same time, manoeuvring SRI RUIKAR'S breach with the Socialist controlled Hind Mazdoor Sabha which has not joined the United Socialist Organisation. The plan adopted by SRI RUIKAR in this respect is that he would influence the Central Provinces Provincial Forward Bloc to adopt a resolution officially severing its connection with Hind Mazdoor Sabha.

In view of his election as General Secretary of the United Socialist Organization, SRI R.S. RUIKAR will have to relinquish office of the General Secretary of the All India Forward Bloc, for which post the name of SRI SHANKAR LAL of Delhi has been mentioned.

SRI HAREN GHOSH's group in Howrah has made rapid strides in organizing its labour front. Through the initiative of SRI BIBHUTI GHOSH @ NANU, SRI KUBER CHAKRABARTTI, SRI SAROJ GHOSH and others of Howrah, a large procession of Jute and other workers was organized on 10th instant last and a demonstration was staged in Calcutta. Among other participants were SRI DHIREN BHOSMIK, SRI NRISINGHA GHOSH and SRI AMAR CHAKRABARTTI. The real idea of staging the demonstration was to show the strength of the Howrah group to Mrs. LILA ROY of SREE Sangha and to SRI SARAT CHANDRA BOSE of the United Socialist Organization.

Certain Forward Bloc Marxists headed by SRI K.N. JOGLEKAR are preparing to hold a conference in Calcutta on 26-12-49 with their party supporters including their workers in other provinces. These Forward Bloc Marxists are being isolated from the Forward Bloc by both SRI SHIL BHADRA YAJEE and SRI HAREN GHOSH.

Sri SARAT CH. Assuring the workers, of his full support in their struggle, he adds that he has taken up as its immediate programme the task of demanding a living wage for the workers, the right to strike, the right to social security and the right to work or unemployment benefit. He continues that the U.S.O. will also fight the present alleged reactionary Govt. and other reactionary forces to establish the legitimate claims of the workers.

My dear Perumal,

"JAI HIND"

I was glad to receive your letter of the 17th instant last night. Our United Socialist Conference was a great success, and we have formed an organization under the name of United Socialist Organization of India. You may have read accounts of our Conference in the Madras papers.

You say in your letter that you have worked as a journalist for three years and you are now a reporter in a local daily newspaper. Will you kindly give me some details of the work you have done as a journalist during the last three years and with which newspaper or newspapers you have been connected. Do you know shorthand and typewriting? Which newspaper's reporter are you now? I am asking for the above information as I intend to request the Managing Director of "The Nation" to treat you as a candidate for a reporter's vacancy or a sub-editor's vacancy as soon as one arises.

I have got reports of what happened at the fourth I.N.A. Convention at Bombay. I did not expect that top-ranking officers of the I.N.A. would stoop so low.

I have been ill for the last three months and am still most of the time in bed. I am recovering slowly and hope to be my normal self in a month's time.

With all good wishes,

Yours sincerely,

My dear Srinivasan,

I thought of writing to you after my return home in August last. Unfortunately, I fell ill again in the third week of the same month and though I have been steadily improving, I have to spend most of my time in bed. I do a little journalistic work but I have not started legal work yet.

How are you keeping ? How is the family ?

Do the Madras papers quote "The Nation" at all ? Or do they black it out completely ? I feel happy to tell you that during the last two months, "The Nation" has made a name for itself in journalistic circles in Europe and America.

There is one matter in respect of which I seek your help. The Executive Committee of the Socialist Republican Party is going to be reconstituted very soon. I want Madras to be represented on the new Executive Committee. Can you suggest to me the name of an active politician in Madras whom I could take into the new Executive Committee ? As you have been in the journalistic line for many years, I am sure you know most of the active politicians there. I want a man of principles, who will be active at the same time. Of course he must be a person who subscribes to our aims and objectives. I am sending in a separate cover our booklet "What We Believe" which contains the manifesto and the aims and objectives of our party.

With love and good wishes,

Yours very sincerely,

My dear Pratima,

Your letter of the 3rd August last came in duly, but I have not been able to write to you so long because of my illness. I had heart attacks on the 20th and 26th August and have had to lie in bed ever since. The last few days I have been allowed to sit up in a chair in my room for a couple of hours everyday and to walk inside the room for about five minutes. I am progressing steadily and expect to be my normal self by the middle of next month. Rest are in good health.

Samar has been here twice or thrice owing⁶ my illness, but I have not met him. He also wrote to my Wife recently. I shall ask him to come after a few days and meet me.

Are you getting The Nation regularly and reading it? We had a most successful united Socialist Conference on the 28th, 29th & 30th of last month. Full reports have appeared in our paper. All the Socialist parties (except Jai Prakash Narain's party) joined the conference and came to unanimous decisions. You will find the resolutions in the issue of the 1st November (Dak edition)

I have a desire to come to Switzerland in May next year, but it is difficult to say with certainty from now.

I have been in bed for nearly three months now. None of the members of the Governing body of our College takes any interest. The result is that our College has run into debts and the staff have not been paid for three months. When do you expect to finish your course there? How I wish you had been here to help me in running the college properly.

ZORICH 28 Oct 1949

Dear Mr. Bose,

Herewith enclosed I send you a copy of the Weltwoche containing an article which I have written on India. I wonder, if, to your opinion, I have tackled the problem in the right manner? I did not want to be rude to Prime Minister Nehru and the government but still I could not help pointing out some of the difficulties. Furthermore I am really convinced that communism might turn out to be a serious menace to India one day if things drag on like that. One might assume that religion is a hindrance to communism in India in contrast to China where people never have been very religious. I personally do not believe this theory as, so far, communism nowhere really has been stopped by religion.

I suppose that you are very busy but if you could spare a few minutes I would, of course, appreciate it very much if you could let me know your opinion.

Yours very sincerely

Die Revolution der Arien in den USA. 200

Mathematik und Kunst

Begegnung mit Ferdinand, dem Stier

Diese Unfähigkeit hat vielmehr weltanschauliche und psychologische Ursachen, sie beruht auf dem Misstrauen gegenüber den Idealen und den Errungenschaften des Westens. «Der Unterschied zwischen dem Spinnrad und der Atombombe lässt sich nicht überbrücken», wie ein indischer Schriftsteller sich kürzlich etwas unfreundlich ausdrückte.

Es gibt nur eine Richtung, eine Partei, die den Konflikt zwischen Tradition und Fortschritt negiert und die hier, wie überall in Asien, eindeutig für den Fortschritt Stellung bezogen hat: es ist die kommunistische. Und deswegen bedeutet der Kommunismus für Indien, auch wenn er dort heute noch nicht einflussreich ist, eine gewisse latente Drohung. Auch die chinesischen Genossen waren vor wenigen Jahren noch einflusslose Bettler.

Der Weg der Reform und nicht der Revolution, der Weg des Kompromisses mit dem technischen Zeitalter unter Wahrung eigener Ueberlieferungen — er ist es, der von Pandit Nehru und seinen Gesinnungsgenossen angestrebt wird. Auch China hat unter Chiang Kajshek einst versucht, diesen Weg einzuschlagen.

Es ist ein Vergleich, der sich aufdrängt, denn in beiden Fällen handelt es sich um grosse alte Kulturvölker, deren Schicksal in unserem Zeitalter durch die Auseinandersetzung mit dem Westen bestimmt wird. In beiden Fällen erstanden begabte und energische Führer — hier Nehru, dort Chiang — die die Schwierigkeiten der Zeit hauptsächlich mit Hilfe der nationalen Parole zu meistern versuchten. In China erwies sich die nur-nationale Parole als zu wenig. Es ist fraglich, ob selbst eine geschicktere amerikanische Politik Chiang Kajshek auf die Dauer hätte dazu verhelfen können, die chinesische Revolution aufzuhalten. Wer diese asiatischen Vorgänge als rein politische Angelegenheiten betrachtet, wird sie nie begreifen. Lässt sich vorstellen, dass die grosse französische Revolution hätte verhindert werden können?

FORTSETZUNG S.

Ist Pandit Nehru ein Chiang Kajshek?

K.V.S.

Einem ähnungslosen Inder, der sich in New York geruhsam bei einem Mittagssnack erholen wollte, wurde von dem Keilner zugerufen: «Wollen Sie hier eigentlich Ihre Ferien verbringen?» Der Inder wusste nicht, dass die New Yorker wegen der Ueberfüllung der Lokale und aus Zeitmangel nur rasch einige Bissen zu sich zu nehmen pflegen. Er war erschöpft von den neuen Eindrücken und konnte sich nicht mehr beherrschen: die Tränen flossen ihm über die Wangen.

In Indien lässt man, wann und solange es einem passt, dort lagern die Menschen manchmal auf dem Bahnhof, um den nächsten Zug abzuwarten, anstatt einen Fahrplan zu konsultieren, in Indien herrscht eine selbstverständliche und gemütliche Unpünktlichkeit. Denn in Indien gilt die Zeit immer noch als

eine der wichtigsten Lebensbedingungen und man wehrt sich dagegen, sie in die rationale Schublade westlicher Zeitrechnung zu packen. Während jedoch der eine Inder, erschreckt von den Raueiten westlicher Zivilisation in Tränen ausbrach, sprach — ebenfalls in den Vereinigten Staaten — ein anderer Inder, nämlich Premierminister Nehru, hoffnungsvolle Worte von der Notwendigkeit der kommenden Industrialisierung Indiens. Aber lässt sich eine Industrie mit Unpünktlichkeit aufbauen?

Reisende, die aus Indien kommen, berichten, dass die Züge nicht mehr so fahrplanmässig wie früher fahren, dass es in der Industrie und den öffentlichen Diensten manchmal nicht mehr so recht klappt, dass in den Regierungskreisen Korruption und Ne-

potismus herrschen — Behauptungen, die von der indischen Opposition bestärkt werden. Die Engländer sind erst vor zwei Jahren abgezogen und schon erlahmt die Energie bei all denjenigen Unternehmungen, die vom Westen übernommen wurden. Das sind durchaus keine kleinen Schickselsfehler, sondern alarmierende Tatsachen. Diese Anzeichen einer gewissen Unfähigkeit, einen modernen Staat zu leiten und eine Wirtschaft aufzubauen sind ebenso beunruhigend wie das Aufblühen gelegentlicher kommunistischer Aktivität. Das Wesentliche aber ist, dass diese beiden Dinge miteinander verquickt sind. Um nicht missverstanden zu werden: wenn wir hier von «Unfähigkeit» sprechen, so ist damit nicht Mangel an Intelligenz oder dergleichen gemeint.

Es gibt nur eine Richtung, eine Partei, die den Konflikt zwischen Tradition und Fortschritt negiert und die hier, wie überall in Asien, eindeutig für den Fortschritt Stellung bezogen hat: es ist die kommunistische. Und deswegen bedeutet der Kommunismus für Indien, auch wenn er dort heute noch nicht einflussreich ist, eine gewisse latente Drohung. Auch die chinesischen Genossen waren vor wenigen Jahren noch einflusslose Bettler.

Der Weg der Reform und nicht der Revolution, der Weg des Kompromisses mit dem technischen Zeitalter unter Wahrung eigener Ueberlieferungen — er ist es, der von Pandit Nehru und seinen Gesinnungsgenossen angestrebt

A thorough enquiry has been made about the writer of the letter. His name is Pirthi Lal Subba, aged about 15 years, late Dhan Prasad Subba. He is a student of class IX ~~IX~~ section of the Govt. H.E. School, Darjeeling. He resides with his brother Sri M.S. Subba at Ghoom under Jorebunglow P.S. He was formerly a student of "Turn Bull" M.E. School, Darjeeling. He took his admission in the Govt. H.E. School on 6.4.48.

It is learnt from the Headmaster of the Govt. H.E. School, Darjeeling, that the attendance of the boy in the school is irregular. He is not in the good notion of the school masters for his desperate character.

There is nothing against him politically or otherwise.

176. I.N.A. Convention in Bombay.

0.R. 22343

6-11-49.

The Hindusthan Standard dated 9/11/49 publishes the message of Sri SARDAR CHANDRA BOSE addressed to General BHOUSLE, the Chairman of the I.N.A. Advisory Committee on the occasion of the 4th I.N.A. Convention to be held on the 10th, 11th and 12th instant. He urges the I.N.A. officers and men to join the Socialist and progressive forces to attain India's complete independence and freedom from reactionary capitalist Raj and not to be cajoled any more by the reactionary Government of India. He cries shame on the India Government for its refusal to reinstate the I.N.A. personnel, whereas, he adds that the Pakistan Government has already reinstated 4,000 such personnel in the army. He also deplores that some top ranking officers dare not utter Netaji's name now and speak on the I.N.A. ideology, and requests the Convention to take a bold stand on this issue.

Indern China hat die Welt nichts Neues erfahren, weder von der Kuomintang, noch von den Kommunisten. Indien hat jedoch der Welt einen neuen Gedanken von zugleich geistiger und politischer Kraft geschenkt: die Idee der Gewaltlosigkeit und des passiven Widerstandes. Wenn Indien trotz aller Aehnlichkeit der Situation und der Problematik trotzdem nicht den gleichen Weg gehen wird wie China, dann wird dies nicht zuletzt dieser Konzeption zu verdanken sein, die sich als stärker erweisen könnte als die materialistischen Anschauungen des russischen Kommunismus.

Der Geist Gandhis ist in der indischen Politik, wenn auch schwächer, so doch immer noch zu spüren. Nehru und seine Regierung fürchten ehrlich nichts so sehr wie einen neuen Weltkrieg, in der Ueberzeugung, dass ein Krieg nur Unheil für alle bringen würde — wieder im Gegensatz zu Chiang Kaishek und den Chinesen, die den zweiten Weltkrieg eher begrüßten, weil sie hofften, dass ihre Feinde — und auch Freunde — dadurch geschwächt würden und China davon profitieren könnte.

Indiens Aussenpolitik ist seit der Unabhängigkeit stets von dem Gedanken der Versöhnung und des Kompromisses getragen gewesen, sowie sich das

29-10-49 at "Nataji Bhawan" it appeared that SAUMYENDRA NATH TAGORE of the R.C.P.I. (official) carried the meeting in favour of his resolution that the name of the United Body should be "United Socialist Organisation" (U.S.O). This name being accepted, SRI SARAT CHANDRA BASU'S proposal to name it "United Socialist Congress" was abandoned by the majority of persons present. The R.S.P. contention that the proposed new body of the leftists should be styled "United Socialist Party" did not stand. During discussions, SATYA PRIYA BANARJI as the spokesman of the F.B. (Marxist), raised the issue that in the event of an outbreak of hostilities on an international scale in the future, this country should join the "Soviet Bloc". The U.S.O. should whole-heartedly support such a stand on India's part. The suggestion of BANARJI, however, evoked resentment from SAUMYENDRA NATH TAGORE and R.K. HALDULKAR, Office Secretary, A.I.F.B., Nagpur. While TAGORE simply opposed the suggestion, HALDULKAR condemned SATYA PRIYA BANARJI for showing pro-C.P.I. attitude and asked ~~xx~~ him to clear out from the Socialist meeting and join the fold of the C.P.I.

The Drafting Committee generally adopted the draft political and economic programme submitted earlier by SRI SARAT CHANDRA BASU for adoption as the platform of action of the new body. A few amendments and changes were, of course, made here and there. The consensus of opinion of the members of the Drafting Committee was that the new Communist Government in China should be recognised and given all support. In this respect, 'General' MOHAN SINGH and SAUMYENDRA NATH TAGORE were completely silent.

A Delegates' Session was also held on 29-10-49 under the presidentship of DR. MORE of Maharashtra and continued the next day when GENERAL MOHAN SINGH took the chair. The constitution of the Executive Body for the U.S.O. was the main question debated at the sessions. Considerable controversy and factional squabbles became evident as the question of election of office-bearers and Executive Members came up. It was decided finally that a General Council would, in the first instance, be formed with 42 members comprising two representatives each from the constituent parties and groups, numbering 16 in all and including R.C.P.I., R.S.P.I., F.B. (official), F.B. (Marxist), Workers' and Peasants' Party of Maharashtra, Mazdoor Trotskyite Party of U.P., D.P.I., S.U.C., and S.H.P., plus 10 independent persons not connected with any of the parties affiliated with the U.S.O. Thus elected, the General Council would again elect the General Secretary and a Working Committee for the U.S.O. There was, however, no controversy at all over the election of SRI SARAT CHANDRA BASU as the President of the new body. Talks in party circles indicate that the post of General Secretary may go to either DR. MORE or SWAMI SAHAJANAND SARASWATI, but it is not definite. / its first session would formulate the programme of the U.S.O. in the light of the present situation obtaining in the country and would also take steps.

SC.

/It was also decided that the General Council

to publicise and propagate its policy. It was mentioned during the discussions that the views expressed by the different members participating in the Conference have been duly recorded in the Minutes and would be taken into account by the Council, while formulating its programme. HALDULKAR did not win much popularity for his cheap demagoguery in favour of giving an ultimatum of six months to the Congress Government to meet the demands of the Leftists stated in the previous report. DR. MORE, on the other hand, being judged by his reasoned speeches and rational arguments was considered by most of the delegates to be an asset for SRI SARAT CHANDRA BASU and the U.S.O.

SRI AMARENDRA NATH BASU during the Conference enjoyed the full confidence of SRI SARAT CHANDRA BASU, who also kept himself in constant touch with the prominent provincial leaders present at the Conference. SRI BASU is still watching the aftermath of the Conference to make certain that genuine leftist unity really crystallised as a result of the recent deliberations. After the election of the office-bearers following the first sitting of the General Council, he is expected to make his first public statement.

It is reported in the F.D. circles that SRI SURESH CHANDRA MAZUMDAR of the Ananda-Bazar Patrika is playing ~~in~~ a deep game. While he is advising Sri AMARENDRA NATH BASU and SRI HARIDAS GHOSE of the Anandabazar group to cultivate SRI SARAT CHANDRA BASU in regard to his new move over leftist unity, SRI HEMANTA KUMAR DASU - one of ~~the~~ SRI MAZUMDAR'S supporters, has been put into the Congress fold in the interest of party politics. The U.S.O. will have a "Student Front" on an All-India Scale over which jealousy is being perceived between ARABINDRA BASU and DHIREN DHOWMIK of the F.D. Regarding its 'Labour Front' some controversy is likely to arise over the question of affiliation of certain constituent groups, viz: F.D. (Marxist) and F.D. (Official) which are already affiliated with the A.I.T.U.C. (C.P.I.) and Hind Mazdoor Sabha (S.P.) respectively.

The Committee pledges itself to fulfil the programme embracing the various aspects, economic political and social of the life of the people of India. In the political field, it says it should ensure full democratic rights and supremacy of the workers and peasants organised in a number of autonomous panchayets, without prejudice to national integrity and sovereignty. The front to fulfill their objective,

No. 4 tersely outlines the views regarding the type of unity after criticising the policies of the Indian Union Govt. which has led to frustration, dismay and demoralisation. It urges the members to characterise the class basis of Congress rule and expose the true nature of the Neutrality Foreign Policy of the Govt. Hon'ble Pandit Nehru's decision to keep India tied to British Empire, presence of Indian troops in Burma, to condemn the anti-people activities and policies of the Congress Govt. to throw the model constitution into the dustbin and to instil class consciousness etc. It adds that Communism is the final stage of Socialism and the door of Left Unity should not be bolted on the C.P.I. and every lover of Socialism must be a friend of Soviet Russia. In fine, it asks the people to forge ahead with the revolutionary programme of mass mobilisation with a view to bringing about Socialist Revolution working hand in hand with the progressive forces all over the world.

Shri R.S. **HUTKAR**, K.N. JOGLEKAR and Shri SARAT CHANDRA BOSE who, however, sent a printed address to be read. No prominent C.P.I. leader was also found present.

gist The list of speakers is in appendix 'B'. Shri SARAT BOSE'S printed speech was read by Shri TRIDIB CHAUDHURI alias DHAKU of R.S.P.I. A copy of the address is furnished herewith. *Copy preserved*

The other speakers generally spoke on the need for leftist unity which, they said, was one of the political objectives of "NETAJI" SUHAS CHANDRA BASU. "NETAJI", however, failed to achieve that unity. It was imperative for the leftist elements outside the Congress to unite under the banner of one organisation because the Congress was going the wrong way, hand in gloves with the capitalists. For the sake of the devised unity, it was also explained, the leftists should eschew party squabbles over leadership. The main plank of such leftist unity and a common organisation would consist in fighting against the so-called freedom achieved by Congress and for the achievement of complete independence of the Country with all powers and authority vested in the people. The masses who were oppressed and steeped in miseries should be uplifted and the present Constituent Assembly which, by no means, was symbol of the freedom attained through revolution, should be dissolved. The speakers mentioned in the list stressed the point that the Congress being split asunder as a result of inter-cine conflict afforded them, - the leftists, a golden opportunity to fight against it and gain their object, namely a free Socialist and democratic State.

R.K. HALDULKAR'S speech was an extremist. He said that as "NETAJI" had done, they should give the Congress and its Government six months' Ultimatum to fulfil the leftists' political and economic demands on the expiry of which they would stir up a revolution and give their blood. They must go to Delhi this time.

RO.

General MOHAN SINGH of Desh Sevak Party, East Punjab, described the Congress as a betrayer with reference to the partition of India and alleged maltreatment to I.N.A. personnel. He spoke about Russian Revolution in which the Military and the police turned over to the camp of the revolutionaries and urged that they should similarly prepare those forces in this Country.

More of Maharashtra denounced the Communist Party of India as the great betrayer of the August (1942) Revolution. HALDUL KAR, supported him. SAUMYEN TAGORE of R.C.P.I. joining in the debate, dubbed the C.P.I. a party of vilifiers and betrayers of "NETAJI", who often changed their views and colour.

The speakers aforementioned welcomed New China and supported MAO TSE TUNG'S thesis of Neo-Democracy.

The Kerala Socialist Party, which does not follow Shri JAI PRAKASH NARAYAN, sent a message of good wishes for the success of the Conference.

A Drafting Committee was formed to formulate a platform of action and agreed formula for the proposed new organisation.

A copy of cyclostyled English pamphlet headed "Statement of the United Left Front" and a copy of a printed Bengali leaflet entitled "Unatrishe October Bastuhora Dibos Palan Karun" issued by the NIKHIL BANGA BASTUHARA KIRMA, PARI SHAD, 88A, Mechuaabazar Street, Calcutta, which were circulated at the Conference are enclosed herewith. have been procured (got attached)

not used the name "Communist" as they did not subscribe to the Communist ideology.

According to SIBDAS GHOSH, the line of approach by SARAT DASU to the matter was described as non-socialist and it did not find favour with anyone. The Committee endorsed and adopted the Neo-democracy thesis of MAO TSE TUNG as its political theory. They also resolved that in the event of a conflict, they would rally to the Soviet Camp. They also deprecated the ultra-leftist attitude of the C.P.I.

The 'Nation' dated 31-10-49 reports that the Conference has accepted SRI BOSE'S proposal in toto and this session, has been characterised as the "Doomsday for black regime" and the 'dawn of a new era'. Referring to the session, the staff reporter says that it is the turning point in the annals of Indian nation as a whole and the Congress Capitalist alliance should cease.

Continuing he adds that the Socialist Congress should be constituted and it will, among other things, conduct the work of the political organization, keeping pace with the Indian masses. He predicts that if it can defeat the opponents at the outset, their representatives will constitute the Indian Parliament, but it will take sometime and their sustained efforts, at a later date are bound to have the desired effect. SRI BOSE then dwells upon the main objectives of his proposals, as follows:-

- (1) The United Socialist Congress will advocate the cause of scientific socialism.
- (2) No foreign interference in the administration.
- (3) The Constituent Assembly must not be unrepresentative in character, as it is now.
- (4) Landlordism must be done away with in favour of the actual tillers.
- (5) Nationalisation of all industries, demarcation of provinces on linguistic basis, granting of civil, ecclesiastical liberties and free schooling.
- (6) Hindustan in Roman script should be the State language and compulsory military service should be made obligation for the Indian youths, etc.

In fine he appeals to the audience to go on working undaunted and with sustenance, then and then alone, they will be able to finish the unfinished task.

The Bengali leaflet criticises the Government scheme in respect of the refugees and says that the Government is thoroughly reluctant to do anything tangible to ameliorate their distress. It adds that the refugees have now decided to rehabilitate themselves quite unaided of the Government, and they have already launched campaigns in this direction at Naihati, Sodepur, Belghuria, Barahnagar and other places. It announces that the Bengal Refugees' Council of Action have declared the 29th October as the 'Refugee Day' and a meeting will be held on that date at the Monument. It urges all to muster strong at the meeting to take part in the struggle of the refugees.

Statement of the United Left Front
bitterly criticises the present system of Government in India, and says that both the Governments of India and Pakistan seem to have completely fallen back upon their previous promises, in so far as the formation of democracy, the maintenance of the freedom of speech and press, the turning of this country into a paradise by bidding goodbye to poverty once for all and the like are concerned. On the contrary, all the evils of British Imperialism and the espousing of the Capitalists' interest trampling of the teeming millions etc. are rampant. Besides, instead of getting rid of foreign domination, both the Governments are chaining themselves well up with the Commonwealth. The widespread discontent in all spheres of life on the one hand and the alleged imperialistic beastly repression of the Congress Government on the other, unquestionably speak for the growth of the revolutionary elements and require their rallying round one banner, and hence this conference is intended to carry on struggle for authentic emancipation and socialism. This front will be based amongst others on absolute freedom, confiscation of all foreign enterprises, a true democratic constitution, repeal of oppressive laws, release of all political prisoners, abolition of Zemindari system, efficiency, right to strike, compulsory free education, opposition to the Congress and their Governments, no coalition with any communal organizations, and no utilisation for a crusade against communism or communists as such.

Lastly, it says that with a view to strengthening the mass organization, there must be one united Kishan Sabha and one united Students' organization. The constituents of this Front also agree that in the interests of unity, there should not be any mutual criticism or bickering from a joint platform.

The printed speech contains the inaugural address of SRI SARAT CH. DOSE who gives vent to his conviction that constructive solidarity of all the leftists of the provinces of India, their concerted action and political cohesion are direly needed to translate with success their plan into action. In support of this conviction, he psychologically cites NETAGI'S version of similar kind. SRI DOSE then harps upon the present political situation all the world over which is being constantly threatened with a third war. The Russian discovery of atomic bombs has created two formidable power blocks. The complete overpowering of CHIANG'S imperialism by the peoples liberation movement is a good omen for the eastern countries.

India's sky, as envisaged by SRI DOSE, is also overcast with mist and the same shower as that of MAO TSE LUNG'S China is presaged. The Congress Government's/imperialistic rule, the curbing of the freedom of public speech and that of the press, Security Act, ~~Ordinances~~ Ordinances, alliance with the blackmarters, their inability to provide the masses with the very necessaries of life, capitalistic alliance etc. have thoroughly belied the independence, democracy and social justice in India. Socialism, in his view, is the panacea of all these evils, and the left consolidation is hardly needed for the purpose.

385. Leftist Conference of SHRI SARAT DOSE.

C.A. 137

26-10-49

The latest development which has come to notice in connection with the convening of the leftist ~~unity~~ conference by Shri SARAT CHANDRA DOSE, which is come off on 28-10-49, is that certain leaders of both the wings of the Forward Bloc, Marxist and non-Marxist, are suggesting a complete dissolution of the Forward Bloc which, they think, cannot be disentangled from the deep-rooted factional squabbles.

SHEELA BHADRA YAJEE had made such a proposal sometime back and further advocated merging of Forward Bloc elements with the Socialist Republican Party. Now Satyapriya Banarji is making the same proposal.

There has been a great deal of controversy recently over YAJEE'S plea for the formation of a "Samajvadi Sangha" as "NETAJI" SUBHAS DOSE had contemplated in the past. This in the context of the current talks in certain political circles that "NETAJI" is in Red China, gave rise to a misapprehension that SHEEL BHADRA YAJEE and his followers are trying to placate the Communists. The real fact of the matter is that while SUBHAS DASU was in exile ~~xxx~~ in Europe, he smuggled out in India a private letter addressed to MUKUNDA LAL SARKAR suggesting the formation of a Sangha of the above name, but no serious efforts had been made by DOSE'S supporters to implement it at any time far less after his return to India from Europe and during the peak period of his activities in the country.

SIREE SARAT CHANDRA DASU is now trying to humour MRS. LEELA RAY to rope in the Sree Sangha, if possible, so that the void caused by the secession of SATYA RANJAN DAKSHI of the Socialism Republican Party can be filled in.

Sri SATYA BAKSHI is trying to raise a band of supporters for himself since his hitch with Sri SARAT BASU and the Socialist Republican Party and is showing inclination to favour an alliance with Congress. Sri HEM GHOSH and Sri SATYA GUPTA are opposing the pro-Congress sympathy that is growing in Bakshi.

taken by NETAJI if they really wanted independence for themselves. Sri SUNIL DAS criticised the Government for not declaring this day as a holiday although they observed the King's birthday as a public holiday. The President held that the Congress Government should take lesson from China and suggested that the peoples' miseries could be allayed, should they follow NETAJI'S ideals.

Earlier a procession (50) from Kali-ghat Park after parading along various roads, converged at it.

175

Sri SARAT CHANDRA BOSE in a statement published in the Hindustan Standard dated 22/10/49, refers to the speech made by NETAJI that India must be a self-governing State absolutely free from the clutches of the British rule, and says that NETAJI was always apprehensive that the Congress Working Committee would enter with a compromise with British Imperialism on the issue of India's independence. He exhorts the public to pledge themselves anew on this day to renew the fight for complete Independence, free from British or foreign yoke. He holds that Delhi, the grave of many empires and citadel of reaction, will crumble to pieces if the Socialist and progressive forces stand united in the country.

The "Netaji Bhawan" was tastefully decorated in connection with this function. A big portrait of NETAJI and a miniature martyr's tomb resembling the one at Singapore were placed on the portico of the house.

The presidents of these morning short functions urged the people to remember this particular day and to follow the ideals of NETAJI in establishing a free national Government of India.

In the evening, three public meetings were held by (1) the Socialist Republican Party, (2) North Calcutta Forward Bloc and (3) South Calcutta Forward Bloc.

At the first meeting (500) held at Sraddhananda Park with Sri A.N. SARKAR as president, the speakers* criticised the present Congress Government for their dismal failure to

At the second meeting (300) held at Beadon Square with Sri SATYA PRIYA BANARJI as President.

Sri BANARJI criticised the policy of the present Congress Government in all respects. He exhorted the public to be in unison with the Leftist Front and support the same in order to overcome the existing capitalist Congress Government.

Earlier, a procession (15 girls) from the East, converged at this meeting. At its close, a procession (50), after traversing several streets in the north, dispersed in front of the Scottish Church College.

"I have received your kind letter of the 15th October. I hope to come to Calcutta on the 25th. I have suggested NAWAB MUSHARRAF HUSSAIN's name by way of counteracting Congress mischief. Congress leaders are trying to secure support of a section of Muslim members of the Assembly through Nawab Saheb. We cannot seriously support our programme but he may support us without caring much for any political struggle. Please have a short consultation with KHUDA BAKSHI, ABDUR RAHMAN and KHAIRUL ANAM KHAN. They have developed a feeling, I am told, that they are not being consulted as to how they can be of some use in making the conference a success. I have reminded them of your serious illness and advised them to see you according to your convenience. Congress leaders are trying hard to humour them. That is why I feel that if your doctors permit you should call them to your place for a short consultation".

BANARJI as president and treasurer, SRI HEMANTA BOSE and SRI DIVEN SEN as Jt. Secretaries, and SRI BERI as the organizing Secretary. All the employees were urged to contribute 1/- each for the purpose. It was announced by the president that Pandit Harihar Nath Gostri was expected to lead the strike. He also gave out that he would invite even SRI SARAT CH. BOSE, if necessary.

It was learnt that the majority of the employees who were divided in their opinion, was in favour of strike so far, but the other group favoured the idea of averting the strike provided the Government referred their disputes to a competent Tribunal.

End

On the other/a meeting (500) of the Corporation Workers' Union held on 18-10-49 at the Monument, with MAHADEV as President, several unknown speakers announced that they would take recourse to strike from 22-10-49 for the fulfilment of their demands. One speaker said that the delays in favour of withdrawal of the strike, must be done away with. Another speaker said that they were not afraid of the military or the police whom they might have to face on the day. Continuing he said that they have had no necessity of appearing before the Court of adjudication for its settlement. An unknown female speaker of the M.A.R.S. apprised the public of the alleged torture on women by the police near the Hon'ble Premier's residence. Another unknown female labourer held that the non-participants xxx in the strike would be dealt with by broom sticks. It was announced that they would hold meetings at the Monument on 19-10-49 and 21-10-49.

Earlier, a procession (60) of Corporation workers coming from S.N. Banerji Road, converged at this meeting.

At the close, a procession (200) after marching along several streets and shouting various slogans dispersed near Hatibagan.

The 'Amrita Bazar Patrika' dated 19-10-49 reports that at a meeting of the workers held on 18-10-49 at Market Square, DR.S.BANARJI, the President, asserted that the demands as put forth by them must be fully satisfied, and said that with the proper management of the Corporation's finances, the revenue might be doubled, and no impediment could stand in the way of the fulfilment of the demands.

The 'Patrika' also publishes the Govt. decision to place the dispute between the Corporation and its employees before a Tribunal constituted under the Industrial Disputes Act.

Copy of a printed Bengali leaflet captioned "Paura Pratisthanor Karmachari o Sramikder Prati Nibedan" issued by SRI S.N.ROY, the Administrative Officer of the Corporation announcing that a Tribunal would enquire into the matter, have since been put in circulation (one copy produced).

SRI ROY says that if the demands of the workers are acceded to, the budget of expenditure of the Corporation will be augmented by nearly two crores of rupees. So, he has decided in consultation with the Government to place the matter before a Tribunal for favourable consideration. He also appeals to the public and the workers to suspend their strike for the present and co-operate with the authorities in the formation of a Tribunal.

No Right To Speak On People's Behalf

Sarat Bose's Rejoinder To Governor-General's U.N.O. Day Speech

Mr. Sarat Chandra Bose has issued the following:—
"In his broadcast last night, His Excellency the Governor-General of India speaking on behalf of the Government of India renewed the latter's pledge of loyalty to the United Nations Organisation. That, of course, he was perfectly entitled to do. But he also purported to speak "on behalf of the people of India!"

"The people of India never elected or appointed him their Governor-General and never gave him the right to speak on their behalf. He was appointed by His Britannic Majesty and he proudly declared on assuming his exalted office that he was the last in the line of succession the first being Warren Hastings."

Mr. Bose adds:

May I ask H.E. the Governor-General of India as to when the people of India declared their faith in the U.N.O. as "an instrument of world peace"? It has been well-known during the last four years that one of the big Power Blocs in the U.N.O. has been perfecting atomic weapons with the avowed object of destroying the other big Power Bloc in the same organization. But neither H.E. the Governor-General of India nor his Prime Minister thought it necessary to warn the former Power Bloc or the U.N.O. of the world that that was not the way to peace. On the contrary, since October 1948, they made India line up in more ways than one with that Power Bloc. It was only recently when it became known that Soviet Russia had also perfected atomic weapons that the satellites or puppets of the Anglo-American Powers began to realize (to quote the words of H.E. the Governor-General of India) that "the race in atomic armaments will not lead to peace."

What has happened in the international sphere during the last three months fortifies me in my belief (a belief I gave expression to publicly last year standing in the United Nations Palace at Geneva) that the U.N.O. is going the way the League Of Nations went and it will also prove to be "the mausoleum of so many nation's hopes."

In 1945, mine was the lone voice in India which described those who were responsible for hurling the atom bomb on innocent millions in Hiroshima and Nagasaki as "war criminals" of the first degree and the act as "an atrocious war crime." Neither Mr. C. Rajagopalachari nor Pandit Jawaharlal Nehru nor any of their colleagues had the courage then to condemn the use of atomic weapons. Is it because they were desperately anxious then for a compromise with British Imperialism with the good offices of America?

14th October 1949

My dear Sarat Babu,

Many thanks indeed for your letter of October 7
Since I wrote I have seen Reddy Personally and he feels that just
at present, when his card of accreditation is about to be returned
to him it would not be quite convenient for him to write for The
Nation, much as he would have liked to do so. He feels they might
immediately retaliate by putting into action their threat to
disaccreditate him permanently, throw him out of Constitution House
and remove other facilities which he cannot forego at present. So
would you mind if we reopen the whole matter after some six months
when things get settled again ?

I agree with you that it would have been better to
go for the real offender rather than the stooges; but they have on
their own decided to make amends, so I feel it would be no use
asking for more trouble. I hope you will understand.

I am very glad to know that you are recovering and
will resume normal work next month. If you get any further news about
Netaji kindly let me know. I am very interested.

With love and good wishes.

Yours affectionately

The paper dated 13.10.49 in its editorial under the caption 'Netaji Subhas, comments on the assertion of SRI PATTABHAI / ... 'the Congress president in a press conference at Cawnpore, that the Congress Committee has not been in a position to enquire about Netaji Subhas in the vast area stretching from Germany to Japan, and says it will not be wrong if this statement of the Congress ~~personalities~~ is taken as a reply to the challenge of SARAT BOSE to the India Government regarding Netaji's being alive. It holds that when they could not know anything of him definitely, why had it so long been bewildering the hearts of Indian protagonists of Subhas Bose. The demise of Netaji may gratify a handful of Congressmen but it will certainly wound the public beyond repair. All their endeavours, it continues, to remove Netaji from the hearts of the public may be simply characterised as audacious, and the ingenuity of the people has exposed the vicious trap spread by the Congress leaders against Netaji. It adds that there is not the least doubt that the happy and peaceful period of trance of the Congress will come to an abrupt end with the very reappearance of Netaji.

Believe me Mr. Bose the enclose leaflet or this bill-head of mine has nothing to do with your present physical condition.

The aim of my interview is Professional, Political & if God answers my prayers, with the guidance & help of the mightiest champion of worthy causes like you Institutional.

My premonitions whisper that I might be a small but serviceable component of the gigantic Political machinery you are constructing.

I have always tried to be genuine, honourable & faithful.

Kindly do not deny.

Dear Mr. Bose,

While congratulating you on your monumental success at the south Calcutta Polls & welcoming you home from your trip to Europe, I may not be such a stranger to you as it apparently looks, when I disclose my identity to you & substantiate same by Governmental papers I possess.

But for a void cause by my sojourn to about eighteen different countries from the farthest East to the farthest West in quest of knowledge & experience spreading over 27 years perhaps I might have been by you since decades earlier.

I should esteem it a great favour to me if you would kindly owe me an interview at your leisure. Admitted you are fearfully busy but if you are so pleased it might mean an adjustment of your time.

I know beggars can't be choosers but morning hours say from 9 to 11 A.M. will suit me well.

Copy of a letter in English dated 22 Sept 49 intercepted at Elgin Rd PO on 9 Oct 49 bearing a postal seal of issue Illegible.

From:- Shri Kaloo Misar
PO Deori Panagar
Dist Jubbulpore (C.P.)

To:- Shri Sarat Chandra Bose
Calcutta, Bengal. India

Respected Sir,

With due respect I beg to approach your honour, with my heart-felt grievances stated below for sympathetic consideration.

I am a resident of Panagar Village in Jubbulpore Tahsil and I belong to a Brahmin community.

From the very boy-hood I am a Congress worker and have been hitherto helping any work, which has a concern with Congress. But the whole trouble is that, that there are two parties such as (1) Party of Shri Babulal Naik (2) Party of Shiva Prasad Pande.

At the time of election, sometime in 1938 or 1939, I was in favour of Shiva Prasad Pande who is also a Congress worker. But Shri Babulal got through in the election. From that time Shri Babulal was against me and induced the Police to trouble me. In 1942 Shri Babulalji resigned from Congress.

In this concern I write to inform you that my uncle ^{also} was a staunch congressman. I also took up the same line, and went to village after village and worked very hard for the Country.

But Shri Babulalji, seeing me becoming popular began to trouble me by making false complaints against me to the police. The Police without making any proper inquiry began troubling me both day and night. The Sub Inspector has accused me of several crimes, including six murder but nothing proved. I was kept on bail and he has ordered the constable to watch me and my movement, I was even asked to attend the Police Station every day. Gunda Act also was levied on me.

I have complained against him to:- (1) Shri Pandit D.P. Mishra (2) Seth Govind Das, (3) Dy Commissioner, (4) Tahsil Congress President & (5) S.P. But so far, I could not get any reply. For of this complaint Sub Inspector got very much annoyed and he is still troubling me by calling me to the Station house every day.

Last month on Rakshabandhan day some men belonging to lower caste assembled in a house to celebrate the festival. They were having

contd

talks on religion. In the meantime while Sub Inspector with some Constables came to the place. He accused them of gambling and began beating them very badly. Four of them very badly injured due to kicks of the boots etc. I protested, made a complaint against the S.I. The fact is known to Shri Chandrika Prasad, President Tahsil Congress Committee. He came to inquiry for the matter on the spot and found it to be ~~true~~ quite true. Again the S.I. got annoyed and he, in the presence of two Congressmen Sri Puranlalji Namdeo and Basarelalji Namdeo, threatened me saying that I shall be driven from this place. I am very much annoyed and troubled in all the way and find it very difficult to remain in this place peacefully.

I therefore most humbly request your honour once again to arrange for proper enquiry into the matter and set all these in a better way so that I may have peaceful life and to help the men of this country.

Soliciting for favour reply.

Yours faithfully

My dear Sarat Babu,

I came to know from Shri Salish Bose that you are
improving. I pray for your immediate recovery.

Regarding our Nagpur conference, people have started
doubting us. If we do not call meeting at an early date, they will
forget about us, as they have short memories and the situation will go
out of our hand.

Under these circumstances I request you to call a meeting
at an early date, even if you have to sacrifice a little of your
health. I have written to comrade Ruiker and Yajee.

With best regards

Yours Very Sincerely

My dear Sariat Ane,
Many thanks for your letter of Sept.
21 which I am passing to my
correspondent so that he can reply
directly to you. It is not our policy
in the ordinary course, to permit
correspondents to write another page
but in this particular case I am
waiving all objection for
my side leaving him to decide
whether he can find the time to
write for "The Nation".

As to the other matter, we have
decided to leave Nehru alone and
file a suit against all of Bir's
publications, beginning with the
Hindustan Times which reproduced
the official stenographer's report
on the incident. If you have any
on this subject I shall be very grateful
to welcome them.

All of us here feel very concerned
about your health. I hope you will
recover quickly. With all good wishes. I am

CHINESE OF INDIA
Not To Pledge Loyalty To
'Peoples Republic Of China'

India and Pakistan's 20,000 Chinese will not pledge loyalty to the new "Peoples Republic of China" according to prominent members of the Chinese community in Calcutta.

The Chinese living in Burma were reported to have pledged their loyalty to the Communist Government of China. It is learnt that most of the Chinese living in India and Pakistan were born in these countries and were largely indifferent to the politics in their former country.

F.P. HELD UP!
The 85-word congratulatory cable sent by Mr. Sarat Chandra Bose to the Chairman of People's Republic of China, Mao Tse-tung, five days ago, is yet to leave the shores of India due to the policy of rigid censorship. The cable was booked for despatch to Peiping on October 1, at 11 a.m., at the Central Telegraph Office here. As the Government of India's Censor Office for all outward communications to China is at Madras, the cable journeyed to reach there. According to information gathered here, it had still been gathering dust in that office until night of October 4. The Censor Office, in its turn, has contacted New Delhi presumably for topnotch instruction as to what should be done with Mr. Bose's cable. They being what they are, would it be any surprise if the Delhi Tin Gods order the cable to be pigeonholed not to reach Peiping ever?

THE NATION'S SENSATION

SIGNIFICANCE OF SARAT BOSE'S DEMAND

When Will India Recognise Mao's Government Britain's Headache Over Tibet

(United Press of America)

LONDON, Oct. 3.—Russia's recognition of Communist China came earlier than was anticipated among official quarters here, who said it would signal "active discussions" on possible similar recognition in all Commonwealth countries.

The first Commonwealth reaction came from Mr. Sarat Chandra Bose, leader of the Indian Republican Socialist Party. His Calcutta newspaper, "The Nation" frontpaged on Monday his signed demand for the Indian recognition of the Chinese Communist regime.

Mr. Bose has persistently opposed Indian Prime Minister Jawaharlal Nehru's support of the Chiang Kai-shek regime in China. Mr. Bose's speedy support for the Chinese Communists is seen here as an intimation that he had prior consultation with the Chinese Communists. His action revived speculation that his brother, reported killed in an airplane crash in August 1945, is still alive and with Chinese Communists. Mr. Sarat Chandra Bose has many times declared his belief that his brother is still alive.

The British Government was understood to have already decided to recognize the Chinese Communists but the date and conditions are not yet known.

The Foreign Office said there has been no official intimation of Communist invitation to foreign powers for diplomatic relations as broadcast on Sunday from Peiping. The British press gave the report scant attention. The London 'Times' alone gave prominence to the Moscow Radio announcement of the recognition and the Communist 'Daily Worker' contented itself with a three-inch single column.

ALIVE," Mr. Bose added with a
smile flickering over the lips.

Mr. Bose reiterated that he did
not believe in the so-called air
crash story that reported the death
of Netaji at Taihoku airport of For-
mosa in 1945. Mr. Bose's conten-
tion has also been supported by a
European journalist whom he had
met during his last sojourn in the
Continent.

NONE BELIEVES IN AIR CRASH STORY

"This year when I was in Europe
in the month of June, I met a lady
journalist, Dr. Miss Lily Abegg,
representative of the widely-cir-
culated journal, WELTWOCHSE of
Switzerland. She came to meet me
in an interview at Glyon. In course
of her conversation, I gathered that
she was in Japan at the time of
Japan's collapse in the last world
war. She had contacted impor-
tant and informed British and
American sources and that NONE
OF THEM BELIEVED IN THE
AIRCRAH STORY OR THAT
NETAJI WAS DEAD."

Mr. Bose was replying to the
correspondent's query about revi-
ved speculation in India and over-
seas countries about the possibili-
ty of Netaji Subhas being alive and
what Mr. Bose thought about it.

had not had any materials then
enable me to judge whether the
aircrash story was true or not.
But even then when I was in de-
tention, I felt it was somewhat
strange that the aircrash story
should have been revealed to the
public five days after the crash was
supposed to have happened.

"After I came out of the prison
in 1945, I had the opportunity of
talking to Col. Habibur Rahman
of the I.N.A. (Habibur Rahman
was the only Indian who accom-
panied Netaji Subhas in the so-
called last journey from Bangkok).
He, however, stuck to that story.
In fact his words, as far as I could
remember, were: 'The tragic news
of Netaji's death is unfortunately
true.' But Mr. Bose was not
convinced, he said, adding:

"THE IMPRESSION LEFT IN
MY MIND WAS THAT HE (HABI-
BUR RAHMAN) HAD ORDERS
FROM HIS CHIEF (NETAJI) TO
COME OUT WITH THAT STORY.
As a man and officer of the INA,
Col. Habibur Rahman left the im-
pression in my mind that he was
sterling gold. And when I felt
unconvinced about the aircrash
story, the only conclusion I could
come to was that he had orders
from his Chief to keep his where-
abouts a closely guarded secret."

Mr. Bose here referred to cer-
tain doubts that how was it that
Col. Rahman, knowing Mr. Bose's

SARAT BOSE ASSERTS GOVT. POSSESS INFORMATION

Why Truman Invites Nehru Greater Betrayal In Offing

(By The Nation's Staff Reporter)

Mr. Sarat Chandra Bose said here yesterday (Thursday) that the Government of India were in possession of definite information that Netaji Subhas Chandra Bose was in Red China of Mao Tse-Tung.

Mr. Bose was speaking at a special interview given to the Calcutta Correspondent of the United Press of America at his Woodburn Park residence when he revealed this startling disclosure. He also cited the evidence of a Swiss lady journalist, Dr. Miss Lily Abegg, to inform that British and American sources did not believe either in the Taihoku air crash in which Netaji had been presumed to have perished, or that he was dead.

Referring to the impending visit of Pandit Nehru to America and Canada, Mr. Bose told the correspondent that Nehru was on way to an even "Greater Betrayal of India", by making India a collaborator in America's preparation for war against the Soviet Union. That was his apprehension, Mr. Bose stated.

Congress has broken every pledge given by its and proved itself to be a vanguard of capitalists. It alleges that the Congress has definitely injured Bengal by not adhering to the pledge of readjustment of provincial boundaries on linguistic basis and adds that H.E. cannot solve the burning problems of the day by simply talking over the Radio. Hon'ble PANDIT NEHRU'S surprise at the intervention of Messrs TRUMAN and ATTLEE over the Kashmir affair, Sri Bose says, carries no sense, as he may surrender to them tomorrow.

The B.V. Group is considerably weakened today owing to dissension and feuds which have become much too pronounced since recently.

Since Shri SATYA RANJAN BAKSHI, Editor, "Nation", lost the favour and patronage of Shri SARAT CHANDRA BASU, the Section of the B.V. Group working in the Socialist Republican Party has come under the influence and control of Shri JYOTISH CHANDRA JOARDAR.

Shri SATYA RANJAN BAKSHI, Shri HEM CHANDRA GHOSH and Shri SATYA BHUSAN GUPTA are now moving together in a separate bloc within the party.

The latest move of Shri BAKSHI is that he has started hobnobbing with DEBNATH DAS of the I.N.A. with the object of bringing about a cleavage in the I.N.A. organisation which will prevent the Socialist Republican Party and Sri SARAT CHANDRA BASU from securing the undivided support of the I.N.A.

Sarat Bose's Message To Mao Tse-tung

Mr. Sarat Chandra Bose, Founder-President, Socialist Republican Party, has sent the following message to Peking:

"Sincerest felicitations to you and people of China on behalf of self and Socialist Republican Party and progressive forces and the newspaper 'The Nation' on your unanimous election as Chairman. Feel gratified to-day that I predicted in Sept. 1945 Chiang Kai-shek's early overthrow and your coming into power as China's leader. Hope you will cement good relations, diplomatic and otherwise, between China and India and lay foundations of Asian bloc for counteracting machinations of western imperialists and freeing all Asiatic countries from foreign yoke. — Sarat Bose, 1, Woodburn Park, Calcutta.

My dear Sgt. Sarat Babuji,

I am sorry to learn that your health is still not upto the desired mark. I do hope that before long you will be able to resume all normal duties, which, I know are heavy.

I handed over your opinion about Mr. Reddy's case to Mr. Karanjia. It seems that after all the former's slate is not so clean as I was given to understand at first. Mr. Karanjia also seems to have preferred a "re-approachment" to Nehru to any strong action. The attitude of "Blitz" has undergone a definite change, which reveals the editor's ^{anxiety} ~~anxiousness~~ for a "family reunion" as he himself fondly terms his relations with Nehru. He wanted to write to you directly and thank you for your advice. Has he done so? To me it appears that he has received some hints from J.P. "not to be too close" with you. This is only my observation. I have no definite proofs.

"Blitz" has now published an advertisement of "The Nation" on reciprocal basis. After speaking to me about it Mr. Karanjia changed his mind at first, because when our office first wrote to his publicity agents, he said that the "matter was not finalised." But when I went to ~~him~~ him he again agreed. I am writing this only for your information as otherwise I am maintaining usual contact with him with regard to publicity work.

I was looking forward to seeing you at Nagpur. I hope that before long this will be possible.

R. Nandi.

18th September 1949

My dear Sarat Bose,

I have referred to our old correspondence regarding the formation of a new political party of non-Congressmen who will fight and defeat the Fascists who are now masquerading as democrats and holding the people in virtual slavery. You had then formed a party called "Azad Hind Party" and also published its Aims & objects, a copy of which you were good enough to send to me. Since then, there was a period of lull, and now for some months, I am hearing of a Socialists Republican Party of which you are the President. Then after you won the resounding triumph in the South Calcutta Bye election over your rival belonging to the Congress Party and the entire world was thrilled by your magnificent victory.

Since you returned lately from Europe, you have been holding confabulations with several parties and individuals and now I understand you are having a Conference of "Leftists" as you call them, to prepare for the next election. I don't know how many groups and parties have contacted you by now. It is obvious that the greater the number of parties from various parts of India coming together, the better for a successful fight against the Congress Party. So far as I can see in Bombay, Maharashtra, C.P., Punjab Delhi and several States, the Congress has got a formidable opposition, although it may not be quite vocal yet. I don't know anything about Bengal although I know a little about Orissa and Bihar. Madras, so far as the Tamilians are concerned, is still wedded to the Congress and the support in Andhra will be largely given to the Congress in the next elections.

I would earnestly request you in view of your great position "stoop to conquer" and base your activities on as broad a foundation as it is possible to do without compromising on principles. You are aware the Maharashtra Province has always been the greatest supporter of Netaji and if you will contact the Kesari group after your visit to Nagpur for a

184

Nagpur for a day or two, perhaps you will find some very solid blocks supporters. In Bombay city also, you will get quite a large volume of support in addition to the Workers and peasant's party's cooperation.

The Socialists at present are not likely to join hands with you because they seem to think they are the heirs to the Congress Party in the matter of future capture of power.

With best regards.

Yours sincerely

Sd/- Jannadas Mehta.

Dear Comrade,
22nd September, 49.

Please accept our thanks for your
invitation to the Conference to be held at ...
One main object of the Conference is ...
The invitation letter is Co-ordination ...
consolidation of the socialist parties ...
groups. But what this consolidation is ...
for is not stated therein.

Here we had received your letter
read in the Nation Mr. Rukh's statement
about the Conference. Mr. Rukh ...
what also the following:

"If the Congress did not present
a healthy opposition party to go
in India, not only could we
crave not work, but such a
was the surest invitation to
Communism to plant itself

firmly."

To speak frankly, the
statement has given rise to ...
in our mind. Do you not ...
want "Communist Communism"

to plant itself firmly" on Indian
Soil? Do you then want Capitalism
to remain in a changed form? We
have often heard you speak against
The Communist Party of India.
But that, we thought, must be a
"different thing". Can one come to the
conclusion from that ~~that~~ that
you are opposed to Communism?

This point must be made
clear before we can accept the
invitation. Will you kindly let
us in this matter?

This letter was received on

CONFIDENTIAL

Dear Mr. Ruiker,

I am writing this letter under Mr. Bose's instructions. He has asked me to forward to you a copy of M.N. Joshi's letter to Mr. Mrinal Kanti Bose, which was handed over to him by a friend. It seemed to Mr. Bose on perusal of the letter that Mr. Joshi has been influenced by Mr. Jai Prakash Narain or some of the latter's partymen. Mr. Joshi has repeated almost verbatim the arguments advanced by Mr. Jai Prakash Narain in the course of his conversations with Mr. Bose in Calcutta and has not attempted to examine whether they are practical or otherwise or to find out how many times they have shifted their ground since the 22nd July, 1949. Mr. Bose has no doubt in his mind that Mr. Jai Prakash Narain has been trying to sabotage the move for Left unity as he did in 1939 at Tripuri.

With kind regards.

Yours sincerely

My dear Mrinal Babu,

Model House Proctor Road
Madr Bombay 2nd Sept 1949

I was glad to receive your letter. I did not write to you for some time as there was not much to write about. I do not propose to attend the Leftist Conference at Nagpur. I do not think much useful result will come out of it. In a political organisation, real collaboration is not practicable between a dozen or more bodies unless they are prepared to merge themselves in one body, which does not seem to be practicable. From that point of view that if they all approve first of a common programme and some common principles, they dissolve different organisations and form one body. But at present the bodies which meeting at Nagpur are not prepared to do that. They may come to some electoral arrangement especially for Bengal Elections. But I cannot do anything useful in that direction having no group at all.

In trade union field very difficult times are coming and I think all

Dear Sir,

I have noticed with interest that you have at last taken interest in the affairs of the Civil Supply Dept. But I must say that your activities and those of the leaders have been as yet very restrictive.

Mr. Sidhwa alone is crying in the wilderness that there is no scarcity of food stuff in the country and it has been noticed the total absence of press approval or encouragement of his assertions. It is also to be regretted that there is a paucity of knowledge in statistics in our leaders and politicians.

The present Government, centre and provincial has no other function except that of Civil supply, Land Customs and refugee problem. Members of the district, provincial and central Congress committees are directly and indirectly implicated with these 3 departments. Thus they are being benefited by exploiting the mass-public in the grab of these 3 departments. Thus also in every election, these people vote for the Congress policy. If these departments are abolished, congress leaders will lose the majority of votes and this is the main reason that the leaders of the Govt. are crying in season and out of season in favour of the food, cloth and other controls. The head of the administration his assistant or deputy they all know that there is no scarcity of food and cloth but still they want these controls to be kept lest they would lose the votes of all their creatures in the centre, provincial and district committee, who are the permit holders of these controls directly or indirectly.

Now please think over the harm and colossal loss this Civil supply Dept and the patronage of this Dept is causing to the country. They are buying from foreign stocks at higher prices and selling these at a lower rate to the great loss of the Exchequer. Your report has only mentioned about the wastage in Kashipore godown. He has not

organizations should adopt a common policy by meeting together on political basis. I find from papers that your organization is not prepared to sit at the same table with I.N.T.U.C. We may not like that organization and I am not its friend but I think it will be a mistake if we try to keep it out for joint consultation. For good of all the body exists. It has some influence with a section of labour and it will not serve the cause of labour by observing untouchability with them. However under the present circumstances my view ^{may} not find favour with any section. My view is let any T.U. organization having common cause in smallest matter with any other with which it can and some useful thing will be done.

I would very much like to meet you. Perhaps we may meet at the annual conference of U.P.T.W which will be held in October at Jamshedpur.

With kindest regards

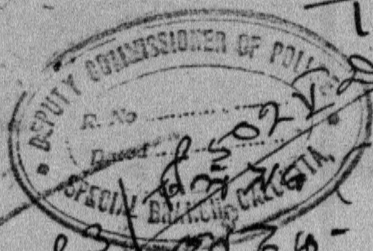

Yours ever

mentioned anything about double selling and selling of dumped stock. They condemn -- some stock and order same to be dumped. Instead of destroying this damaged stock they transfer same to another godown and show in the accounts as purchased and distributed the same damaged quantity to ration shops, the money thus looted being divided among the stockist and the officers of this Criminal Supply Dept.

So also is the case with cloth. There is no scarcity. Mills are being closed for overstocking.

Then take the matter of land customs. They say that they want to improve export trade. It is a known fact that Pakistan area is deficient in manufacture of all kinds. If there is free trade as before in pre-Pakistan days, the industry and trade of Hindustan will naturally increase in volume. This Land Customs Dept has only increased the burden of wastage of Govt. money and volume of bribery and corruption. It has not in the least increased the revenue of the Govt.

What is necessary is Free Trade with healthy competition. There will be nor is any scarcity of food or cloth even if Pakistan is allowed to take their requirements from Hindustan. Govt. is pretending to feed and clothe the common people by keeping these controls. It will be the duty of the press to unveil this mask of pretence and cheating by publishing the true facts about these Depts. People should know that they are being looted by the present Govt through the medium of these Depts.

Take also the case of refugee problem. The only qualification necessary now-a-days is to be refugee. There are refugee Engineers, technicians and only for this qualification these people have been placed at the head of various administrations. There are of course genuine refugees, but they are all packed up in refugee camps. All these big officers are faked refugee officers.

Just as British Govt. granted the Reforms in the past by increasing the pays and privileges of the Police and other services in order to keep some loyal hirelings similarly the present Govt. is maintaining all the Criminal Departments (I mean Civil Supply, Textile, Land Customs and Refugee) in order to strengthen their position in power by means of increased votes in their favour.

Please therefore make an unceasing propaganda that these Control must go, these Criminal Supply Depts must go. There will be free trade you will find that the so-called majority in favour of congress will

copy of letter (intercepted) dated 22.9.49, from Sarat Chandra Bose, 1 Woodburn Park, Calcutta 20, to R.S. Kulkar, M.L.A., Walker Road, Nagpur

Your letters of the 16th & 17th instants were received here on the 19th and last evening respectively and were read out to me this morning. I am directing this reply lying in bed.

My doctors have not yet permitted me to get out of bed and I have not the faintest idea as to when they will permit me to do so. In fact, their opinion is that I should have complete rest for another two months. My belief, however, is that I ought to be fit for a moderate amount of work towards the end of next month. I shall, however, be able to tell you definitely by the 10th October as to whether our conference should be held towards the end of that month or in the following month. As matters now stand, I regret it will be quite impossible for me to be present in Nagpur between the 8th and 10th October next. That is why in my notice adjourning the Conference I did not fix any definite date. But I shall not keep you all suspense for long. I shall tell you definitely by the 10th October as to when it will be possible for me to be present at Nagpur. I need hardly assure you that I want to be personally present at Nagpur during the Conference.

In view of what I have said in the last paragraph, I am afraid you will have to cancel the hotel and other arrangements you have made for 8th and 10th October.

I was happy to learn that Mr. Kedar had prepared his speech as Chairman of the Reception Committee and that I would receive an advance copy of it in a day or two. It will not be possible for me at the present moment either to write out or to dictate my speech. I have to wait till I definitely feel better.

I was also happy to learn that your Press Conference was a great success and that the Press Agency was taking interest in our conference. Please try your very best to keep up public enthusiasm in favour of our conference. I shall write to you again after a week and tell you what progress I have made.

Sheel Bhadra Yajee of the All India Forward Bloc (Marxist Group) during his recent visit to Calcutta, met Sree Sarat Chandra Bose as also several leftist leaders including some members of the R.C.P.I. (Rebel Group). He has been trying his utmost to make Bose's left unity move a success. Yajee during his talks with the local leaders gave an impression that he was not inclined to allow Swami Sahajananda Saraswati to play an important role in the forthcoming United Socialist Congress, which is proposed to be held on or about 8th October 1949.

FORWARD BLOC.

According to Sheel Bhadra Yajee ~~their~~ final talks regarding the reunion of ~~their~~ two groups of the Forward Bloc will be held at Nagpur in the 1st week of October 1949.

Leela Roy during the recent visit of Yajee to Calcutta, however, did not meet the latter. It is reported that she is trying to lead refugees' movement launched under the aegis of the East Bengal Minority Welfare Committee.

R.C.P.I. (Rebel Group).

It is reported that the important members of the R.C.P.I. rebel group including some of the absconders, are trying to find out their hide-outs in villages, particularly amongst the peasants. From these shelters their plan is to organise the peasants to fight against the Zeminders and the Government. In the peasants' front the R.C.P.I. rebel group has agreed to work in cooperation with the C.P.I.

Some R.C.P.I. students have started a new party unit at Tarak Pramanik Road, Calcutta.

PURUNANANDA DAS GUPTA (ex-R.S.P.), Secretary of the West Bengal Socialist Party, recently met SHRI SARAT CHANDRA BASU for a discussion regarding the proposed "United Socialist Congress". DAS GUPTA is understood to have disapproved of the action of SHRI JAI PRAKASH NARAIN, General Secretary of the Socialist Party, in rejecting outright the invitation to join the Nagpur Conference and in deciding, for that matter, to oppose the United Socialist Congress. SHRI TROILOKYA CHAKRABARTTI alias MAHARAJ (ex-R.S.P.), now a leader of the Socialist Party in West/Bengal, is reported also to have contacted SHRI BOSE. Although the details of the talks are kept a secret, it is revealed that if SHRI SARAT CHANDRA BASU is willing to concede sufficient ground to them in so far as the question of leadership is concerned, PURUANANDA DAS GUPTA, TROILOKYA CHAKRABARTTI and their followers are prepared to resign from the Socialist Party and to join the United Party of SHRI BASU under the banner of the old Anushilan Samiti. /and East

It further transpires that SHRI SATYA RANJAN BAKSHI (B.V.Group) felt disgruntled at SHRI SARAT CHANDRA BASU'S attitude, when the latter did not give BAKSHI absolute control over his newly published weekly called "Mahajati Saptahik". Instead, the paper, which has been sponsored with the primary object of contesting the coming parliamentary elections, has been allowed to come under the influence of SHRI JYOTISH JOARDAR'S (B.V.Group) coterie. The editor of this weekly is said to be an admirer and follower of JOARDAR.

C.A. 137

19-9-49 The proposed leftist conference at Nagpur which was originally fixed to be held this week, has been deferred till 8-10-49 ostensibly on the ground of SHRI SARAT CHANDRA BASU'S illness. Really, the preparations have not been satisfactory and moreover, there is still a lack of agreement and unanimity on many parts in issue among the parties and groups concerned. SHRI BASU does not wish that the Nagpur Conference should end in a fiasco.

Note:- In an announcement published in the 'Nation' dated 19-9-49, Shri BASU has postponed the Nagpur Conference till October, 1949, on the ground of his illness.

313. All East Bengal Refugees'
Conference.

At the conference of the delegates (250) from West Bengal, Assam, Sylhet, Tipperah, East Punjab and other places, held on 17.9.49 at the Indian Association Hall, with DR. RADHA BINODE PAL as president, the speakers* discussed about the grievances of the refugees in camps and Relief Centres, rehabilitation, Government loan problems, the duties of the refugees and those of Provincial Governments. They passed 17 resolutions concerning these problems and it was learnt that they would send a copy to the Government for necessary action.

The Paschim Banga Patrika dated 18.9.49 publishes the above report, wherein it is said inter alia that all the resolutions adopted here will be produced in ~~xxx~~ tomorrow's open conference.

At the open Conference (400) held on 18.9.49 at the above Hall with DR. RADHA BINODE PAL, as president the speakers* criticised the injudicious policy of the Government in tackling this refugee problem. MRS. LILA ROY at the outset read out messages received from SRI SARAT BOSE, SRI AKHIL CH. DATTA, SRI MEHER CHAND KHANNA and SRI JAGES CH. SEN who offered their good wishes and sympathy to the refugees of East Bengal. SRI SARAT CH. BOSE, in the message criticised the dismal failure of the Congress Government in handling the refugee problems and urged them to unite and fight en masse for their noble cause so that the Government would be coerced to fulfil their demands or to resign in the alternative.

DR. MAZUMDAR regretted that the Government was contemplating to close down all the relief centres and camps from 31.10.49. He urged them to unite and form a Council of action to deal with the Government and put pressure to obtain all sorts of help in these matters.

SM. LILA ROY blamed the present Government, Congress and the Pressmen for not rendering help and showing sympathy to these refugees.

The representatives of different Camps ^{reported} ~~expressed~~ the ~~present~~ plight of the refugees and the Camps.

DR. RADHABINODE PAL stressed that the East Bengal refugees should be given the option of retaining their old citizenship under the Indian Dominion.

-67

220

He added that it was certainly incumbent on the Government of India to protect these refugees and they should not think for a moment that the refugees were unwanted persons and foreigners to their State. He maintained that the refugee problem being very big and numerous, it should be taken up by the Central Government instead of thrusting it upon the Provincial Government.

The following are the resolutions adopted in this conference.

1. Strong disapproval of the dilatoriness and carelessness of the Government in dealing with rehabilitation schemes, loans etc.
2. Speedy execution of rehabilitation schemes by an autonomous body of responsible persons.
3. Raising a group of refugee youngmen to devise ways and means to solve the problems calmly.
4. Urging the Government to reconsider the order of closing the refugee camps from 31.10.49 without providing them with shelter.
5. Expressing dissatisfaction for not adopting any effective measures to procure lands for them.
6. Expressing satisfaction for their eligibility to vote in the ensuing general election.
7. Requesting the Government to take steps for the exchange of properties.
8. Employment of refugees in all Government departments and allowing a separate quota in all future recruitments.
9. Requisition of vacant houses and plots of land for them etc.

supporting SRI SARAT CHANDRA BASU of the Socialist Republican Party. On the other hand, the leaders of the United Left Front of Swami Sahajanand Saraswati, including those of the R.S.P.I., R.C.P.I. (Sourven Tagore's Group), Socialist Unity Centre and other constituent groups, have begun to suspect that SRI SARAT CHANDRA BASU would ultimately encourage SRI R.S. RAIKAR to become the dominating factor in the proposed united socialist congress, although it is to function as an open leftist platform. The above leaders also feel that the Socialist Republican Party, Forward Bloc and the I.N.A. are already showing signs of aligning themselves into one bloc. The Swami has therefore, called a conference of the united Left Front soon in Bihar to consider the proposals and move to be taken by them at the ensuing Nagpore leftist conference.

It is learnt that SRI SHEELA BHADRA YAJEE, SRI R.S. RINKAR and GENERAL MOHAN SINGH of the Desh Sevak Party, East Punjab have intended to meet at an informal conference to be held very shortly and before the Nagpore conference, at Amritsar, East Punjab to chalk out a programme and line for conducting the deliberations of the coming conference at Nagpore.

Apprehension is being expressed in some leftist quarters mentioned above that the Nagpore conference may not be quite successful. There is likely to be a tussle over capturing the General Secretaryship of the proposed United Socialist Congress between three candidates so far named, viz. SRI R.S. RINKAR, SRI K.T. SHAH, a professor of Bombay and SWAMI SAHAJANAND SARASWATI.

SRI R.S. RINKAR is understood to be thinking of severing the connection with the Hind Mazdur Sabha (S.P.) in view of the Socialist Party's attitude of non-co-operating with the Nagpore conference. RINKAR is further inclined to join the united Trade Union Congress after a favourable agreement being reached with Prof. K.T. SHAH of Bombay.

SRI SARAT CHANDRA BOSE has been assured by the I.N.A. and the Maharashtra workers and Peasants Party that they would take part in the deliberations of the leftist conference at Nagpore. DEBNATH DAS, who is virtually functioning as the head and spokesman of the I.N.A. organisation in West Bengal, is in touch with SRI BOSE.

17.9.49. Secretary of the All India Forward

Bloc, visited Calcutta recently in connection with the leftist unity talks, the Communist leaders are understood to have sent their emissary to contact both HUIKAR and SHRI SARAT CHANDRA BASU of the Socialist Republican Party. The real purpose underlying the above action of the C.P.I. was to forestall SHRI P.C. JOSHI and other recalcitrant party members in any endeavour on their part to win the confidence of the leftist parties. During the talks, the party representative is reported to have thrown the entire blame for anti-Subhas Basu propaganda during the war years on SHRI P.C. JOSHI who, he pointed out, was in absolute power in the party at that time. The C.P.I. under the present leadership,, had no grievance against "NET-AJI" SUBHAS BASU.

To:- ~~Shri Sarat Chandra Bose~~
President, All India Socialist Republican Party
Calcutta

15.9.1949

My dear Sarat Babu,

Jai Hind. I am an old Congress worker and had joined as a regular member, The All India Socialist ~~Republican~~ Party last year. But some pro-congress Government activities of the Socialist Party leaders have aroused reasonable suspicion in the minds of my old Co-workers recently and consequently they in a meeting have authorised me to open correspondence with you in this connection.

We want to dissociate ourselves from the All India Socialist Party and earnestly wish to organise and start the work of the Socialist Republican Party of India in this district (Bijnor Dist of U.P.) under your patronage. This is a muslim Majority District and has been vindicating the honour of nationalism since 1937 when the Honble Hafiz Mohammad Ibrahim, Communications Minister U.P. Government was returned on Congress ticket to the U.P. Assembly in the face of the deadliest opposition from the Muslim League side.

More-over, the masses of this district are the ardent lovers of the Late Netaji and of yourself. We are a batch of selfless workers, always ready to sacrifice our lives at the altar of the Mother-land. By so saying I am voicing the sentiments of the poor masses of this district. We have got our personal influence in the neighbouring districts also and your Socialist Republican Party will very soon occupy a unique place here. We are also arranging to invite you here for public reception at an early date on a grand scale.

To be short, we want your permission to start a branch of the All India Socialist Republican Party in this district. If approved kindly inform me immediately and also send a copy of the rules and regulations of the Party membership and a copy of the party constitution as to enable us to start the work immediately.

Hoping get an early reply from you.

Yours faithfully

My dear Sarat Babu,

the 15th Sep 1949.

I have just received your letter. your prolonged illness is causing much anxiety here. I had been to Calcutta last month after my return from Delhi where I met Muslim leaders. I could not see you then as you had been unwell. Muslim leaders of all provinces of India particularly of the United Provinces and Bihar ~~are~~ anxiously look forward to you and the Muslims of Bengal to give them a lead. They have assured us that they would definitely go the Bengal way but it appears to me that present circumstances as they are, they are a bit nervous in coming out into the open before they see the result of Bengal election. Hasrat Mohani is of course an exception, he will do his best to help us. I am sorry I am now not in a position to give you full names and addresses of leading Muslims of U.P. and Bihar off-hand and I think the most practical alternative is to send to Hasrat Mohani some signed invitation letters with a request to bring as many prominent Muslims to Nagpur as he can. Mr. H. K. Khanda Mr. H. K. Khanda Mr. H. K. Khanda came here day before yesterday to discuss with the political

implication of Nagpur conference. He also accompanied ~~to~~ me to Delhi. He is now in Calcutta at 12, Ameer Ali Avenue, his Telephone number is P.K 1080. Please contact him and you will get all necessary informations. I and Khuda Baksh have decided to go to Nagpur. In my opinion to make Nagpur Conference a real success we should care more for the quality of men than their numbers. Khuda Baksh will tell you who should be invited from Bengal. I think if I, Khuda Baksh and Abdul Rahman go Muslim Bengal and the Assembly opposition will be fairly represented. But there is no harm in some more like Maulana Akram Khan's son, Khairul Anwar Khan, also attend the conference.

I hope, in a few days I will be quite fit to bear the fatigue and strain which will be necessary to crown your Nagpur efforts with success. With best regards,

S. S. C. Bose

yours sincerely,

Bombay 7. 14th September 19

My dear Mr. Bose,

I have to acknowledge receipt of your letter dated 4th September 1949 and another printed one dated 7th September 1949

I have already replied to the former which I trust you have got. As regards the latter, I regret I am unable to be personally present in Nagpur on the days you have suggested or probably, any time during the next two months. As I wrote to you in my earlier letter, it is difficult for me to draw anything like a Manifesto until I know that the Leftist Blocs are agreed and united on a common programme, not only as regards the coming election in Bengal or all over India but in regard also to the General policy governing the country as a whole. For it is not only immaterial but it is unwise in my opinion that we join a scratch lot for only an immediate particular end where our joining would be really a matter of bargain for a few seats here and there and not for achieving a consolidated and united front for carrying out a constructive programme affecting the whole country.

I would, therefore, suggest that at the Nagpur Conference you should secure in the first place a more abiding unity and consolidation of all the forces of the Left and have some common principles such as Nationalisation of all the Key and Mother Industries, ^{including} ~~including~~ all the Social Services and Public Utilities and on that basis to draw up a programme also by general agreement common to all. The details of the programme I am prepared to fill up but any time after the Agreement and that not only to fight the general Election but as I have said also for the common policy of the whole country.

I hope you will be agreeable to these suggestions. For the record I have had a talk with our friend Mr. Soumenranath Tagore on that subject who has been here for the last few days and to whom I have explained my views personally. If necessary, after that a personal meeting should take place, I shall try and fix upon some convenient date and to us both. I shall go to Delhi on the 16th Inst. and will be there

EDITORIAL

IMPEACHMENT & TRIAL

My Countrymen,

From my sick bed I am dictating a few lines on the affairs of our University for publication in the editorial columns of "The Nation" in the hope that they will provoke your thoughts and spur you on to decisive action.

The startling disclosures that have been made recently have put the authorities of our University into the dock. One serious allegation against them being under investigation, others follow in its wake, exposing to public view more skeletons in the University's obnoxious cupboard. Favouritism, nepotism and malpractices are not the monopoly of our administrations, central and provincial; some of our University authorities have also specialised in them and for a much longer period than you can imagine. They are bad enough when they exist in our administrations; their effect on our public life and morals is infinitely worse when they entrench themselves in our "Alma Mater" from where flows fresh blood and life and our young men and women get the baptism of their faith and fire.

Our University which was founded in the year of the first war of Indian Independence created for itself a glorious tradition. It refused to remain a mere machinery for turning out clerks for helping an alien administration and after a hard struggle was able to free itself, partially at any rate, from the thralldom and bondage imposed upon it. But what was once a glorious institution has now become a huge edifice of corruption and fraud. A few families of Calcutta have for three decades and more been ruling the roast in this institution, and mastery over it is being transferred by a queer law of inheritance from one man to another, from one family to another. The inside of the University administration and finances has been kept all these years behind an iron curtain. An orgy of favouritism and corruption has been its main ritual. Preferment in our University, whether in examinations or in other things, goes, to quote the words of the greatest of British poets, "by letter and affection and not by that old gradation where each second stood heir to the first." That has been our University's disorderly order of merit.

It has also appeared in the press that the Vice-Chancellor who has recently resigned, has been drawing for 42 long months a monthly salary of Rs. 900/- as salary for leave on deputation! It has also been alleged that some books of the Publication Department of our University have been tampered with, leading to the suspicion that University publications have found their way to unauthorised booksellers or to the blackmarket.

My countrymen, too long, far too long have you and I suffered all this rank favouritism,

Dear Mr. Sarat Bose,

Do you expect your brother to return or are you using this
powerful weapon to gain popular support? I don't blame you for
either. The story of your brother surpasses that of the epics and

reminds one that "Lives of great men all remind us x
We can make our lives sublime
and departing, leave behind us
Footprints on the sands of time;-

Footprints, that perhaps another
Sailing o'er life's solemn main
A forlorn and shipwrecked brother
Seeing, shall take heart again"

Netaji read the Gita and lived the ideal life set by it and every youth
shall receive ~~xxx~~ inspiration from it for generations to come. Every
man has ~~has~~ allotted taste to do, so, it is nothing but ignorance on ~~an~~
one's part to lament.

Do you hope Sir, that you can succeed in uniting the leftist parties
-s and overthrow the present regime? Nehru is an able horseman and
he will not fall from the saddle. His leadership at the present
moment is an asset to India. He is a good and honest man and is devoid
of hypocresies found in his guru like water he is colourless but
assumes the colour of the bottle of environment. It is easy to say
but hard to act. The best thing that must be done is to prevent him
from being converted to Chiang-Kai-Seck's creed.

Religion you do not care much for. But India was and still
is the playground of religion. Appeal to religion has more power than
the appeal to political ideologies. You know the traditional Indian
estimation of Shri Krishna who stood for religion and Duriyodana
who stood for politics. What the world needs today is not automatic
warfare but the advent of the true messiah of peace.

It is the incarnate Mahavishnu that ~~mixy~~ to you. It is the
returning Shri Rama in his middle thirties with ^{dark skin} ~~dark skin~~ and no

body/hair having attained perfection in Yoga culminating in the ¹¹¹miracle
~~middle~~ Dance nearly 14 years ago on 3.1.36 ever keeping in mind the
vision of his eternal partner in the person of an Ethiopian, equestrian
dreaming amazon leader that wants to renew his old acquaintance with
you. We take ^{new} men shapes at an interval of 2000 years. Within historical
time I came as Moses the Lawgiver 4000 years ago and later goodness turned
to evil and I came as Marcus Antonius the amorous Roman and my
partner as Cleopatra. These two are the sun and moon spirits or the Adam
and Eve of the West with Tiger and cobra natures. The opposite amorous
Duke of Windsor was in the past the Emperor Augustus-Imperialian
with the jackal nature. The duke and the Negus were in the past Pompey
the great and Julius Caesar - mercurian and Saturnian Spirits with
ox and goat natures. Hitler was aroivistus-martian spirit with the
monkey nature. Nehru was brutus-Uranian with the ram nature. Your brother
-er was Boches-pluto with lion nature while Rajaji was herod
Nepturian with the horse nature. Gandhi was Agrippa-gethu with the dog
nature. I know the past of over 70 persons. Jinnah was Jesus-negative
saturn and Patel was Pilate-negative uranus. What about you? A negative
-ve mercurian you were the one that at the battle of Philippe pretended
to be Brutus.

The blast of the atom bomb blinds men but splitted kundalimo
enlightens men. Like the sun I give light & Use me like a torch to
enlighten others. The national character of the americans like your
individual character is mercurian. They came to possess the atom bomb
while you are offered a spiritual bomb.

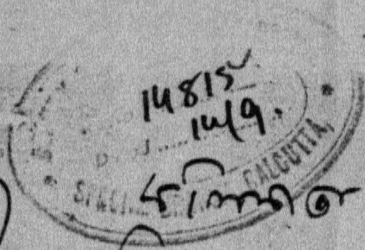

If you have awakened ears you will hear my call if you think
you are not the body but the spirit that dwells in it you will
believe me. If you want to realise your ambition you will receive me
I await your answer.

Yours sincerely

Dear Sir,

Allow me first to offer you sincere greetings and hearty congratulations on the strong and undaunted move you are taking for Bengal and Bengalees especially at this critical juncture when the so-called Congress Government is running the administration to the sole interest of Indian and Foreign Capitalists. As an humble worker of the Province, I look up to you as the only leader of Bengal who can steer us out of multifarious difficulties.

I have thought and thought over the matter days and nights and I have formulated a plan and programme of work for our economic independence which can only ensure the political freedom. I intend to discuss matters with you in this respect and shall be obliged to be granted an interview with when I, with some of my friends will place matters before you. An early reply is solicited.

Dear Comrade,
JAI HIND.

At a meeting of the Leftist Consolidation Council at Bombay on the 24th July last, it was resolved to hold a Conference of representatives of Socialist parties, and groups and of prominent public men from all over India at Nagpur this month (September). I have ^{been} asked to issue invitations for the Conference. The main object of the Conference, I need hardly say, is to bring about co-ordination and consolidation of Socialist parties, and groups and among prominent public men in the country and to do all in our power to liquidate the forces of reaction that have unfortunately gained ascendancy. I am sure it is unnecessary to impress upon you that such co-ordination and consolidation is the supreme need of the hour.

After consulting representatives of different parties and prominent public men, I have fixed the ^{25th} 24th and 26th September 1949 at Nagpur as the dates on which the conference will meet and deliberate. It is my suggestion that each Socialist Party or group invited to the Conference should be represented by not more than three members which in very special cases, at the discretion of the President of the Conference, may be increased to six members at the very maximum. Arrangements for your accommodation at Nagpur during the Conference will be made by our Comrade Mr. R.S. Buiker M L A, Walker Road Nagpur. Prompt intimation to him as to the nature of the accommodation required at Nagpur will help him in arranging the required accommodation.

I shall feel thankful if you will kindly accept this invitation, attend and take part in the conference and bring it to a successful termination. Please intimate your acceptance to me at an early date. The place and hours at which the conference will be held will be notified to you on your arrival at Nagpur.

Yours fraternally

Sri R.S. GOLWALKAR will arrive at Howrah Station on 7/9/49 by the Punjab Mail. He will be accorded a grand reception at the Station, by the R.S.S. volunteers in full uniform and will thereafter be taken to Calcutta in a procession.

The leaders of the different Leftist parties, including the S.P.I. are reported to be consulting Sri SARAT CHANDRA BOSE, to devise some ways and means to create some disturbance at the public meeting to be addressed by Sri GOLWALKAR at Deshabandhu Park on 8/9/49. The majority members of the S.P.I. also seem to be in favour of staging a black-flag demonstration at the Station, but they have not yet come to a definite decision.

SRI SARAT BOSE'S STATEMENT
Sri Sarat Chandra Bose, Founder-President of the Socialist Republican Party, in a statement on Wednesday said :
" India's Prime Minister has said that there could be no change in the Government of India's policy about Jammu and Kashmir, so the newspapers have reported on Wednesday. Our Prime Minister has performed so many acrobatic feats since the trouble in Kashmir began that one really does not know where he and his Government stand. Will he deign to tell the Kashmir and the Indian public in clear, concrete and unequivocal terms what his Government's policy is about Jammu and Kashmir? " — (P. T. I.)

30th August 1949

My dear Sarat,

Thank you very much for your letter in which qualifications for Indian Nationals were defined as had been drafted for the Assembly.

I am enclosing herewith addressed to whom copies of the "Nation" should be sent complementarily. I hope you will find it useful.

We had a meeting here at my house from the Representatives of Indian Workers Association Swaraj House and a few other friends to discuss the measures for co-ordinating the activities of all social Parties operating here. I am glad to tell you that it was unanimously decided that such co-operation was very desirable and should be effected at least in all major issues. It was further decided that this Group should meet from time to time for the purpose of regulating co-operation.

You have not sent us cuttings from any papers etc in connection with the suppression of civil liberties. The Groups here are very anxious to hold a public meeting of protest in this connection but before doing so they want to issue pamphlets embodying various public opinions in India with regard to suppression of civil liberties, so that public opinion may be formed in this country and thus lead to a greater success for the meeting of protest.

Will you please also send papers relative to 'Nation' share as you promised when you were here.

Also please let me know when it will be possible for you to send the donation of £ 250. for the Indian Gymkhana Club.

Copies of photographs of your various functions here have been sent to Sisir and I am writing to him today to forward them to you. All the photographs turned out alright with the exception of those taken by Keystone Agency only one of which was any good and that has also been sent to Sisir. I hear that Mr. Narian's formula for unity of all Socialist Parties is not acceptable to many. Has any alternative plan been suggested.

I do hope that you are still taking all the precautions necessary to maintain you in perfect health.

With love and good wishes from me and all your friends here.

Yours very sincerely
Sd/- T.K.Kaul

Copy of English letter dated 22/8/49 20
intercepted at Elgin Rd. P.O. of

Bombay R.M.S. From - Solhraj Tolaram, Bombay 228
To - Mr. Sarat Ch. Ane, Socialist
Leader, Calcutta

Honourable Pandit Jashralal Nehru,
Premier, Indian Union, New Delhi.

Respected Sir,

1) Shariji Shamji Captain, Freere Rd,
Bombay

2) Bharat Marketing Co. Freere Rd,
Bombay and other many

many names given out by this
Muslim Khoja Gonda of Bombay.

The bribes and corruption in the Home
Police administration in Bombay ought to
be responsible for the birth of the above
Muslim Khoja Gonda who has been openly
and fearlessly slaughtering and ruining
many families in Bombay and in
every province of Indian Union for
Bombay with full co-operation and
support of some Bombay Police.

Amongst the victims, there have
been many very poor refugees who
have migrated from Pakistan. They
have been ruined in a merciless
way that it is a blot on Congress
Raj.

There were several complaints
at the palton Rd. Police station
against this gonda of the same name
in a very short time but his arrangements
with the police were evidently good.

that the Police Subinspectors Mr. Kadam, Mr. Jagirdhar and Mr. Malkanitegan to threaten and rebuke those who went to complain ~~that~~ against this gonda and thus his slaughtering business is regularly being carried on from day to day without any fear.

The Police sometimes pretend to arrest the gonda and Chalk him but he is not affected and seems that there is no law to jail him although if all the police come against him are sent to Honour Mr. Vyas of Esplanade Court he find out the law to jail him with the first hearing, Honourable Chief Presidency Magistrate Mr. O. Brown Esplanade Court may not find any law to jail him.

Some police staff says that they have been very eager to see the gonda in jail but they are helped as Mr. Brown comes to his help they say that this gonda is helped by Mr. Brown — — — (shame) and so he wins his favour.

What has Congress to say in matter? Will they help an engine and save the poor innocent people

from being further slaughtered by this
 more worse and merciless slaughter than
 Jallianawalla Bagh tragedy in British India.
 His Excellency The Governor of Bombay
 Hon' Home Minister, Bombay, President
 of Bombay Provincial Congress Committee
 and Sardar Vallabhai Patel all
 have been apprised of the above
 with details and names of the Congress
 Police Sub-Inspectors (some of them are
 also suspended) but without any
 result which is most unfortunate.
 - May God bless the Congress
 Raj in Bombay with prudence
 save poor innocent persons from
 the clutches of the above God.

Can you please do anything
 into the matter to save the poor.

Pending inquiries, Honorable
 Mr. Brown be relieved from
 his present office.

Yours obediently
 sd/elligible

My dear Mr. Sarat C. Bose,

Many thanks for your letter I also feel that there is
great need for unity in the ranks of the opposing forces at this
time. I am glad you are holding a united Socialist Conference in
Nagpur; ~~and~~ if invited I will attend it.

I have recently joined the Hindu Mahasabha, but that does
not come in my way as that organisation has also adopted a
socialistic programme.

It sarcastically remarks that the Government has resorted to move frequent lathi-charges than teargasing which is a very expensive measure. At present copies, which are sent by air-mail cost 5/ Annas. But they reach almost at the same time as ordinary mail. So even if no arrangements are made for air-mail freight all copies should be sent by ordinary mail, for the sake of economy. This way we can save five to six rupees daily. ENCLOSURE

201 Constitution House
New Delhi. August 6, 1949

My dear Karanjia,

I wonder whether you have already heard of all that happened at Pandit Nehru's press conference last evening. The PTI report is not even a fraction of the actual thing.

I never put him any questions at press conference, because he loses his temper and shouts, often without even the slightest justification. This time too I kept quiet as usual.

But some correspondent questioned him about the Socialist complaint regarding the curtailment of civil liberties in India. He bawled out at that, bitterly complaining that the Socialists had joined hands with Communists in Calcutta in advocating the boycott of his visit. He thundered it was time people realized that he was the Prime Minister of India, the elected representative of the people and he represented the State. To show discourtesy to him amounted to insulting the State.

After that he lighted a cigarette and with a flash of temper started shouting at Blitz in most objectionable language. He referred in particular to my last week's Tibet story, which I later learnt from K.P.S. Menon had hurt him very much because it indirectly questioned the wisdom of his foreign policy.

Having like a mad man he thundered, referring to me, that whoever wrote it was a "fool, liar, knave, blithering idiot or everyt combined." He said I was guilty of treasonable conduct in the past

contd

for which he had forgiven me, but he would no longer tolerate this kind of stories by me.

Then he went on to warn Blitz that so far as he and his Government were concerned the limit had been reached. The very fact that BLITZ, which talks so loud of civil liberties, was allowed to go on in this manner, proved that there was no lack of civil liberties in the country.

Then he paused for a while, puffed another cigarette and with another flash of temper announced that he had decided to withdraw all privileges shown to me, in other words cancel my accreditation. Later that night I received an official letter from the Principal Information Officer asking me to return my press card.

I had half a mind to get up and hit back that it did not become one who is the Prime Minister of India to abuse a correspondent in this libelous manner. But I thought it would only make matters worse and so I kept quiet.

Later I saw K.P.S. Menon, Bajpai, Pai and other senior Officials in External Affairs to find out what was the actual provocation for this outburst on BLITZ and myself personally. They told me that since last two months, ever since we started openly opposing his Government, he became personally bitter to BLITZ and on the slightest provocation shout out that he we should be warned and so on. I wrote to you last month that K.P.S. Menon and Pai told me that Pandit Nehru was very angry with us for publishing that letter against Mrs. Pandit's son-in-law. After you published another letter, giving the official view of the matter, I went to the External Affairs and showed them that letter. But I am told even that did not satisfy him.

He thinks, Pai told me, that BLITZ was bent on creating mischief to stir up discontent in the country and fan opposition to Government not because of its Socialist convictions but merely to create sensations and enhance its circulation. Sometime back the I & B Ministry wanted to stop all official advertisements to BLITZ and cancel my accreditation here, but I now learn that other ministries objected to, it as a matter of policy and so that idea was given up.

Both Nehru and the I & B Ministry were apparently waiting for some trifling violation of security by us, so that they could pounce upon BLITZ and finish it off. But we did not oblige the Government so easily.

So they have now found a handy excuse in last mid-week's Tibet story to take action on me. I am told on Friday morning the Prime Minister's Secretariat consulted the Law Ministry whether I, as the author of the story, or BLITZ, as the paper, which published it, or both could be prosecuted, but they were advised that there was absolutely nothing objectionable in it from a legal point of view. So they finally resorted to this dirty method of cancelling my accreditation.

What really pained me was that out of all people Pandit Nehru should accuse me of treasonable conduct in the past. After all the services I rendered to the Government last year, without accepting even a pie in return, it is indeed very ungrateful of him. It is not a matter for boasting, but everybody here knows that my disclosure and the subsequent reports I gave to the Army and civil authorities here formed the foundations of India's case before the U.N. Commission. On the basis of military information given by me I recently learnt that military targets in East Kashmir were successfully bombed.

But all this with what result? It only shows how ungrateful people could be. Nehru's public reference to my "treasonable conduct" was nothing but a deliberate, malicious and gentlemanly stab in the back to ruin me professionally. Beyond that he could not do anything more.

All the correspondents here deeply resented this attack on me and BLITZ. Every one said that it was highly objectional that the Prime Minister should talk in such an irresponsible manner. But unfortunately almost all of them represent capitalist papers and they cannot openly adopt a resolution censuring the Prime Minister's conduct. The Press Association is taking up the matter, but I doubt whether anything would come out of it, because Devdas Gandhi and others who control it would see that nothing is done.

The Hindustan Times went out of its way to obtain a copy of the official stenographer's version of what said against BLITZ and myself and published it this morning under the headline, "Prime Minister on Blitz". I am enclosing the clipping herewith for your information. The publication of this is definitely libelous, particularly the personal references to me. If I can get free legal assistance I am prepared to sue Devdas Gandhi for libel, but all depends on how you would advise me.

Contd

I wrote a letter to the Prime Minister, immediately after the press conference, pointing out in very polite language that his attack on me and Elitz was unjustified and unfair. I made it clear that but for his personal intervention, the I & B Ministry would never have dared to cancel my accreditation. His Principal Private Secretary, Mr. Tai took the letter personally to the Prime Minister and showed it to him, as he felt that what he did was most unfair. Tai later told me that he read through the letter twice and felt rather ashamed of what he had done but he would say nothing. He simply kept the letter in his drawer.

As for the story on Tibet, I was amazed at Pandit Nehru trying to make a mountain of this mole. In the usual course of our rounds, I and the Statesman correspondent, Prem Bhatia, who is supposed to be the ace correspondent here, got an indication of Britain's keen interest in Tibet from a fairly senior officer in the U.K. High Commissioner's Office who called us for a glass of beer. We both later checked up the story from External Affairs sources and decided to use the story simultaneously on Saturday July 30. I accordingly sent it to you on Wednesday, July 27, for publication on following Saturday, but you used it on Aug 2.

I and Bhatia both saw a top secret letter with a senior officer in the External Affairs, which was addressed by U.K. High Commissioner to Pandit Nehru early last month advising that India should grant transit facilities to enable Tibet to turn out the Chinese officials. He also told us of some correspondence in this respect with the U.S. embassy here. As for Richardson's despatched to External Affairs, there is nothing secret about it.

So we pooled together this material and used it according to the policies of the respective papers. Statesman naturally would make no reference to the Anglo-American interest in getting the Chinese officials expelled from Lhasa, but used the real Bhatia, who is a correspondent of Daily Mail cabled it to London and Mr. Kowley, Statesman's new editor, who is acting as the correspondent of London Times in the absence of Britter had a similar story. I am enclosing the Statesman clipping, but I am sorry I could not get the clippings of the other two papers, which I have read last week.

So my Tibet is not such a fantastic piece of my imagination, as Pandit Nehru said. After all it is quite easy for him to contradict it.

My dear Sarat Babu,

I am in receipt of your telegram dated 16th instant about the adjournment of our Conference. I have consulted all my colleagues in Nagpur and also Mr. T.J. Kedar who is the Chairman of the Reception Committee. We are emphatically of opinion that unless you are personally present at Nagpur on the day of the Conference, we cannot make the conference success. I have therefore replied to you today as follows

"YOUR TELEGRAM AGREE ADJOURN CONFERENCE TILL EIGHT OCTOBER - RUIKER"

I have issued the accompanying announcement to the Press copy enclosed herewith for your information. Please arrange to inform all the invite to the Conference that it is adjourned till 8th Oct 1949. According to the revised programme, the conference will meet at Nagpur on the 8th, 9th and 10th of October. All other arrangements stand good as before. The mass rally of the citizens, workers and peasants will be held on the 9th of October 1949.

I have booked accommodation for you in the Mount Hotel at Nagpur which is the best available hotel. There is accommodation available on the ground floor with 2 double rooms, with separate bath rooms attached to them at the rate of Rs. 22/- per room with lodging and boarding. There is arrangements for two beds in each room. If you like we can have 3 beds in each room. There is a separate drawing room attached to each room. If you like, I can have a big room for you on the first floor. It has three beds but no separate drawing room. But the big room on the first floor is more airy, ventilated and completely detached from other rooms. But I do not know whether in your present state of health, you would like to be on first floor. Please write to me and let me know for how many persons i.e. for you and your party, you like to have accommodation in the Mount Hotel, as also whether you want accommodation on the ground floor or on the first floor. There are single rooms also available in the Hotel at the rate of Rs. 11/- per room with lodging and boarding. If you want any extra room for

understand that following Nehru's attack, Gadgil is thinking of cancelling the allotment of accommodation for me in Constitution House, which means I will not be accommodated in any other Government Hostels. I cannot afford hotels as you know, because they are too expensive. So I am trying to find a place for myself.....

Yours very sincerely

and denounce it in such a manner, which he is obliged to do for removing Soviet suspicions, but the ~~difficult~~ difficulty with a correspondent is that he cannot refer to Nehru's secret correspondence in this respect with U.K. High Commissioner and U.S. Ambassador because it is covered by Official Secrets Act. If I refer to it even indirectly, I would be immediately prosecuted; so also BLITZ. So it is almost impossible for us to substantiate our story with any documentary evidence. Even supposing we lay our hands on these documents, we cannot publish them.

If I had done anything to discredit Skaikh Abdullah, for instance, Nehru might with some justification, attribute bad motives to me. But what personal interest had I in Tibetan affairs to fabricate facts and publish fantastic nonsense, as Nehru said.

I have now completed my year with BLITZ.....

On the other hand, if you are convinced that I am innocent and that Nehru's outburst was the result of malice or misunderstanding, then you can depend on me to serve the BLITZ to the best of my ability accreditation or no accreditation. During this year I have come to know so many people here and made such good contacts that I can go on getting news as before. In that case you will have to stand by me through thick and thin.

Please think over this matter and we shall discuss it when I will go down to Bombay round about next weekend. I am sorry for troubling you with such a long letter.....

So if you think it is the right course, please publish a brief editorial note protesting against Nehru's uncalled for attack, saying that it was apity that caught amongst the company of Congress reactionaries Nehru has begun forgetting and even denouncing his old friends. As for the story on Tibet, BLITZ checked and re-checked its sources of information and the inferences drawn in the story, of India's helpless subservience to Anglo-American pressure, was a matter of opinion shared by a good section of Indian people. You can also refer to the fact that the Statesman, London Times and Daily Mail had published almost identical stories, except of course the dirty role played by the Anglo-Americans. Pandit Nehru had, therefore, no justification to single out Blitz for this personal attack.

I will now be having difficulty regarding my accommodation here. I

In response to a personal request made by SRI SARAT CH. BOSE through

his son SRI AMIYA BOSE, SRI MRINAL KANTI BOSE met SRI SARAT CHANDRA BOSE at his residence at 1, Woodburn Park on 12.9.49. SRI SARAT CHANDRA BOSE is reported to have told MRINAL BABU that the United Leftist Party did not intend to go against the Congress, but would only try to remove the mal-practices in the administration by forming a strong and united opposition. He also hoped that in course of time, the Leftist elements in the Congress would make a common cause with the opposition. SRI MRINAL KANTI BOSE was convinced of the above argument of joining the Nagpur Conference and he changed his previous decision to stand apart from the Nagpur Conference.

At a meeting * of the working Committee of the United Trade Union Committee held on 15.9.49 at 46, South End Park, it was decided that SRI.
